## JAPAN ADMITS OKINAWA LOST

### SCREAMING JAPANESE BANZAI CHARGE WIPED OUT BY AMERICANS

#### TRAPPED AND DESPERATE ENEMY PREPARED WELL VAIN COUNTERATTACK

By ROBBIN COONS.  
GUAM, June 14.—(AP)—Marines shattered one major pocket of Japanese on Okinawa yesterday, and Yank infantrymen drove two 400-yard wedges into the remaining 13 square mile area still held by the Mikado's men, after wiping out a banzai attack and winning a 36-hour grenade duel.

Tokyo broadcasts conceded the plight of 10,000 survivors, including every man and woman over 15 who was physically able to fight, was "truly desperate." And Premier Adm. Kantaro Suzuki conceded loss of the island, 325 miles from Japan by sailing neither the fate of the homeland nor his own as premier hung on the outcome of the Okinawa battle.

Radio Tokyo boasted that Lt. Gen. Simon Bolivar Buckner Jr., U. S. Tenth Army commander, was the first American general to suffer the "embarrassment" of a formal surrender of a surrendered demand. Dispatches from the front said Buckner's offer was ignored but the tricky Japanese took advantage of a temporary suspension of artillery fire during preparations for possible peace to fortify a hill on the western flank—trenchery which cost the lives of American Marines.

Screaming Nips Slain.  
The banzai charge, the expected forerunner of other suicide attacks, was made by 300 screaming Nipponese against the Seventh Infantry Division on the opposite flank. Every attacker was killed.

The Japanese prepared well for the assault. For 30 minutes they laid down a barrage of mortar, machine gun and rifle fire and hurled grenades.

Then the Japanese attacked with grenades and satchel charges. Capt. Dallas D. Thomas of Shawnee, Okla., and Torrington, Wyo., told Associated Press Correspondent A. Hopkins that 250 were killed before dawn and the remainder were hunted down behind crags and killed by noon.

American casualties were light despite fierceness of the fighting. The action occurred near Hana Gusuku, eastern anchor of the Yaeju escarpment line, when the Japanese attempted to retake Hill 85.

Pocket Smashed.  
On the opposite side of Okinawa, Maj. Gen. Lemuel C. Shepherd, Jr.'s Sixth Marine Division completed smashing pocketed Japanese.

### TWO TEXAS HEROES LEAVE THURSDAY FOR HOME CELEBRATIONS

#### HISTORIC MILITARY CITY OF SAN ANTONIO HONOR-ED THIRTEEN GENERALS

By WILLIAM C. BARNARD.  
SAN ANTONIO, June 14.—(AP)—Two Texas stars of San Antonio's war hero celebration, Lt. Audie Murphy, Chief of Staff, and Lt. Audie Murphy, one of the nation's two most decorated men, leave today for celebrations in their home areas.

General Baker enplanes for a big bond rally at San Angelo and the 20-year-old Murphy goes to Farmersville. The North Texas agricultural town that has been impatiently waiting to bathe him in glory.

The General plans to visit Eden, his birthplace, near San Angelo. The historic military city showed 13 Generals and 45 officers who flew in from the battlefronts of Europe. So jammed were sidewalks and streets by the estimated crowd of 250,000 that the open command cars had difficulty treading a path. The GIs' trucked flowers in their caps and grinned at the roaring reception.

Lt. Murphy was a big hit. His young, pleasant personality and bashful modesty drew people around him wherever he went. There were cheers at a press conference when the freckled Lieutenant shrank from telling a girl reporter details of how he won the Congressional Medal of Honor.

"Oh, no, not that," Murphy groaned.

The young woman was insistent. Someone else told her how the little officer, single-handedly manned the machine gun on a burning tank destroyer to kill or wound 50 Germans and wreck an attack by six tanks and 200 infantrymen.

"Will there be a parade for you at Farmersville?" another reporter wanted to know.

"I don't see why there should be," Murphy replied.

Bothered by Wound Winner of Purple Hearts, Murphy was bothered yesterday by an old hip wound and didn't

### Flood Warnings For Upper Red River Are Issued

#### By The Associated Press

Flood warnings for the upper Red River were issued today (Thursday) as death of an Athens, Tex., woman in a twister brought to four the number of fatalities resulting from a series of Texas storms.

The twister, which struck the Walton community near Athens Tuesday, was fatal to Mrs. Nannie Davis, who died in an Athens hospital. Mrs. Davis had been bedridden. Her grandson, L. T. Byron, was knocked unconscious by falling timbers.

The U. S. weather bureau at Shreveport said as a result of heavy rains the Red River is rising above Shreveport to Arthur City, Tex., and a crest of from 25 to 26 feet is expected by June 20 at Shreveport. Floods were forecast at Garland City and Fulton, Ark., with a slight flood crest at Index, Ark.

Floods also were forecast for Little, Sulphur and Cypress Rivers.

The bureau said the Sulphur River would rise to a 20-31 foot stage at Naples, Tex., by June 19 and a stage of 20 to 22 feet in the Cypress River is expected at Jefferson, Tex., by June 20.

The three other storm casualties in Texas were a soldier killed at Brady, a railroad employee who was killed while attempting to flag a train to warn of a weakened track near Farmersville, and a negro who was struck by lightning near Bonham.

### TANK-LED AUSTRALIAN TROOPS BATTLE JAPS FOR LAST AIRFIELD

#### TWO OTHER AIRFIELDS ON BORNEO OVERRUN WITHOUT HAVING FIGHT

By JAMES HUTCHESON.  
BRUNEI BAY, Borneo, June 14.—(AP)—Primitive Dyaks of Borneo have attacked the Japanese with poison-dart blowers in independent support of the Australian invasion to liberate their home island.

Natives outside Brunel Town told today how the fierce Dyak Aborigines donned battle gear and killed 14 Japanese in the last two days.

They said the Dyaks ambushed the Japanese and killed them with blow-darts, swords and spears. They even drove round bayonets mounted on the ends of their blow guns.

New advances of the Aussies towards Brunel Town, whose capture is imminent, increased to 15 miles the push inland since the June 10 landing.

Small amphibious landings up the Brunel river were coordinated with the overland advance along roads.

Battling Japs.  
The Tank-led Australian Ninth division troops are battling Japanese through swamp and jungle for the only remaining airfield in this invaded north Borneo area after closing from two sides against enemy mortar, machinegun and rifle fire.

The 4,600-foot Labuan island airfield, occupied a few hours after the invasion, was now easily hit. It is two miles outside the capital city of Brunel on which the diggers are closing from two sides against enemy mortar, machinegun and rifle fire.

But the Nipponese on Labuan Island, whose commands the entrants to Brunel Bay, always more fight as the invaders drove within

### Wickard Approved As Head Of Rural Electrification

WASHINGTON, June 14.—(AP)—The Senate Agricultural Committee voted nearly 2 to 1 today approval of the nomination of Secretary of Agriculture Claude Wickard to head Rural Electrification Administration.

Committee aides said the vote was 11 for and 6 against, with three Republicans joining with the solid front of Democrats favoring approval.

Those voting in favor were Senators Bankhead (D-Ala.) and Bill (D-Miss.) and Ellender (D-La.) Lucas (D-Ill.), Connally (D-Tex.), Downey (D-Calif.), Hoyer (D-So.), Aiken (R-Vt.), Young (R-Ind.), Thomas (D-Okla.), and Willis (R-Ind.). Those against the nomination were Senators Capper (R-Kan.) Shipstead (R-Minn.) Bushfield (R-S.D.), Wilson (R-Iowa), and Butler (R-Neb.) and Cordon (R-Ore.). Some voted by proxy.

### BRITISH GOVERNMENT PROPOSES SWEEPING NEW DEAL FOR INDIA

#### NEW EXECUTIVE COUNCIL, ALMOST ENTIRELY INDIAN, IS PLANNED

LONDON, June 14.—(AP)—The British government, in a sweeping "new deal" for India, proposed today a new executive council which would be almost entirely Indian and, in the words of Viceroy Lord Wavell, "represent a definite advance on the road to self-government."

At the same time that the Secretary of State for India, L. S. Amery, unfolded the statement of policy to parliament, Lord Wavell announced in a radio broadcast from New Delhi that orders had been given for the release of members of the working committee of the Congress party still in detention.

Mohandas K. Gandhi, spiritual leader of the party, was released May 6, 1944, after 21 months detention.

The British government's White paper emphasized that its main position remained as it was—that the "working out of India's constitutional system is a task which can only be carried through by the Indian people themselves."

"But they (the British government) are willing to make possible some step forward during the interim period if the leaders of the principal Indian parties are prepared to agree to their suggestions and to cooperate in the successful conclusion of the war against Japan as well as the reconstruction of India which must follow the final victory."

"This is not an attempt to impose a constitutional settlement," Wavell explained in his broadcast. "I xxx propose with full support of His Majesty's government to invite the Indian leaders xxx to be charged with the task of forming a new executive council more representative of organized political opinion."

Wavell promised that it would be an Indian council except for the Viceroy and the commander in chief.

"It is also proposed that the portfolio of external affairs, which

### ACCUSED POLES TO FACE TRIAL WITHIN NEXT SEVERAL DAYS

#### POLISH GOVERNMENT IN LONDON EXPRESSES INDIGNATION AT PROGRAM

LONDON, June 14.—(AP)—The Moscow radio said today that the 16 Polish political leaders accused of "terroristic acts" behind Red army lines would be tried "within the next few days."

The broadcast named Gen. Bronislav Okulicki as ring leader of the Polish group which it said would be charged specifically with "organizing terroristic acts and maintaining illegal wireless transmitters in the rear of Soviet troops in Poland."

Earlier Moscow had announced the arrival of Warsaw delegates to the Big Three conference over the future of Poland. The Polish government in London expressed indignation at the meeting, which aims to form a Polish government of national unity.

The Moscow broadcast about the impending trial said:

"Investigation by the chief of the military office has now been completed. In this case a total of 16 persons will be tried. The case has been put before the military collegium of the Supreme Court of the U. S. S. R. for investigation. Hearing of the case will take place in the next few days."

The collegium under the Soviet system is a board headed by a commissar.

Coming virtually on the eve of the meeting of the Big Three representatives in Moscow, the Soviet announcement may develop diplomatic repercussions. There had been rumors—entirely unofficial

See POLISH, Page 6

### War At A Glance

By The Associated Press.  
AIR WAR — Okinawa based planes attacked airfield and installations on Kyushu Island Tuesday and subjected Japan to sixth straight day of aerial attack.

BORNEO — Australian invaders overran two Brunel protectorate airfields; battled Japanese for the third day.

OKINAWA — Yanks turned both flanks of Japanese death-stand line across southern tip of island.

PHILIPPINES — American soldiers broke through enemy resistance near entrance to Cagayan valley, northern Luzon.

CHINA — Chinese column reached Luchow environs.

BURMA — British 14th army continued advance along Tounkoo-Mawchi road toward Thailand.

### CLEAN-UP CAMPAIGN VOLUNTEERS START INSPECTION TOURS

#### DRIVE UNDER WAY TO ELIMINATE HEALTH HAZARDS IN CITY, COUNTY

Another quarantine sign went up this afternoon in Corsicana and the eighth case of poliomyelitis in this area was announced by city health department.

The latest victim of this dread disease, a little eight or nine-year-old girl, lives in the 700 block of North Twelfth Street.

News from the bedside of little Benny Hale revealed that he was in a critical condition this afternoon.

Volunteers in the Navarro county cleanup campaign were at work today, canvassing every household and seeking co-operation in the drive to rid each public and private building of health hazards.

As the drive got underway, the public learned that the seventh case of poliomyelitis reported in the Corsicana area was its most severe. Benny L. Hale, 11-year-old son of Mrs. Mamie Hale, West Eleventh avenue, was reported by his physician to be "a real sick child, although his condition has improved slightly in the past two days. He is being treated with hot packs."

Must Control Disease.  
"We are all vitally interested in the well-being of our family and our neighbors and it therefore behooves all of us to keep communicable disease down to a practical minimum," said Dr. Will Miller, Corsicana health department.

To do this, each citizen must show a willingness to co-operate with workers in the clean up campaign. It has been pointed out.

Even before, the housewife is visited by a volunteer worker she can begin cleaning up her premises, stacking garbage and trash.

See CLEAN-UP, Page 6

### CHURCHILL TELLS COMMONS BIG THREE RELATIONS IMPROVE

#### ALSO SAYS THERE IS NO REAL CRISIS FOR DISPUTE WITH FRANCE OVER SYRIA

By JAMES F. KING.  
LONDON, June 14.—(AP)—Prime Minister Churchill told commons today that relations among Great Britain, the United States and Russia had improved and that there was no "real basis" for misunderstandings with France over Syria.

British-Russian relations particularly have "undergone" marked improvement in the last week or so with the breaking of the deadlock over Poland, Churchill said.

He said Gen. De Gaulle was sending former Premier Edouard Herriot to London to adjudicate differences between the countries, declaring:

"We have have no idea of trying to supplant our French friends in Syria. We have no wish to steal their friends' property in any portion of the globe. He acknowledged, however, that relations with France had been greatly distressed and disturbed by events in Syria."

The prime minister, acting as foreign secretary for the ailing Anthony Eden said Clement R. Atlee, labor party leader, would accompany him to the Big Three meeting to be held sometime before July 25.

Churchill said the meeting Friday in Moscow of Big Three representatives.

See BIG THREE, Page 8

### INDICATIONS ARE MEETING OF BIG THREE WILL BE HELD FIRST HALF OF JULY; MAY BE EARLIER

By J. M. ROBERTS, JR.  
AP Foreign Affairs Analyst.  
President Truman's full schedule and other situations seem to indicate the Big Three meeting will be held between July 5 and 15, but there is at least one possibility, if only a mere possibility, that it could come earlier.

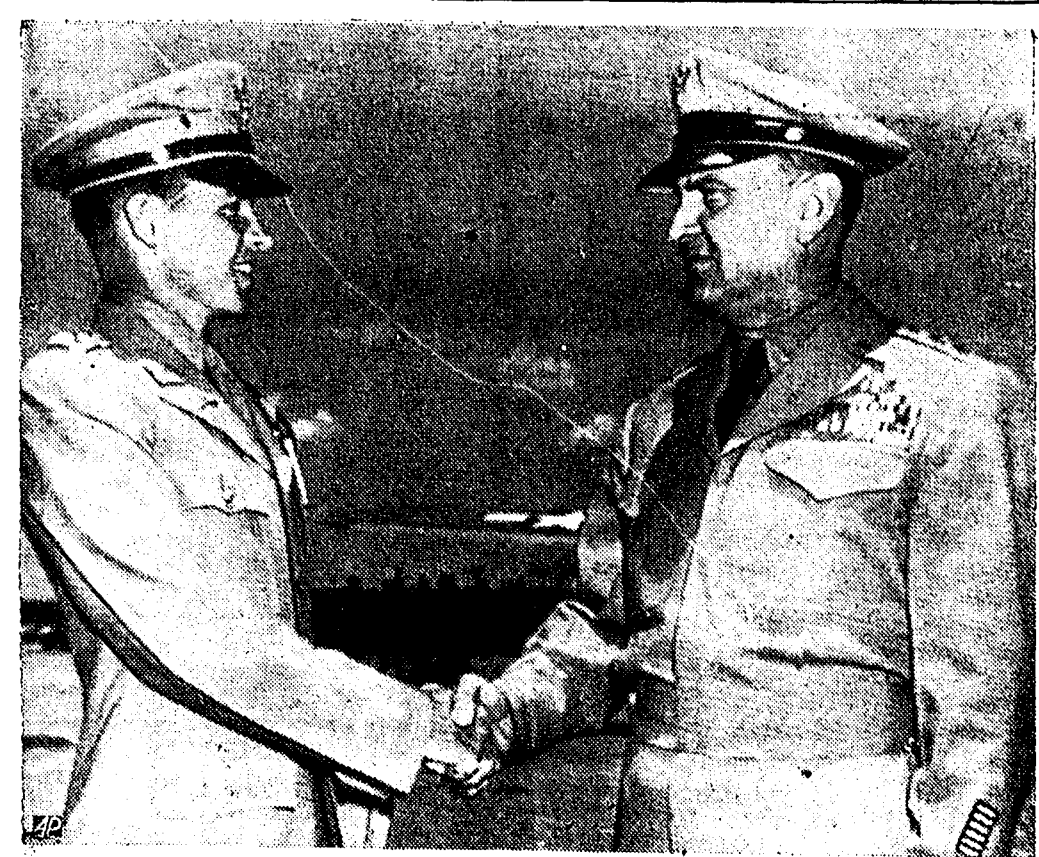

There is a tremendous program before him between now and July 15.

The mere fact that the United Nations pact is expected to come before the Senate within that period would seem to be enough, since the President could be expected to play an important role then.

Coupled with the fact that Winston Churchill has an election on his hands July 8, all of this rather restricts the time in which a Big Three meeting can be held if it is to fall within the 40-day period Mr. Truman predicted on June 7, which ended on July 6.

Also, Mr. Churchill has already warned his constituents that he might have to be away before the election.

Joseph Stalin is no longer head of the Axis fighting in the field, which once gave him good ground for becoming one of the world's most visited men. A little reciprocity right now might reassure some of his erstwhile callers who are hearing widespread gossip that perhaps their neighborly attentions were more tolerated than desired.

BAKER GREETING LT. AUDIE MURPHY—Lt. Gen. Ira Baker (right) shakes hands with Lt. Audie Murphy of Farmersville, Texas, who holds all the decorations for valor which the Army can give, during welcoming ceremonies for twelve generals and 40 other officers and enlisted men at San Antonio. ### BATTLE OF SHIPPING COSTLY TO AMERICA FOR EUROPEAN WAR

#### 1554 MERCHANT SHIPS AND NEARLY TEN THOUSAND MEN LOST

WASHINGTON, June 14.—(AP)—The war at sea cost this country 1,554 merchant ships up to V-E day and 5,579 crewmen dead or missing. The Army lost 3,604 soldiers drowned in troop movements against Italy and Germany.

Against these sobering figures, however, Americans were told today that their shipbuilders sent more than seven tons of cargo shipping down the ways for every ton lost to the Axis.

And the Army's safety record for its men was described officially as nearly twice as good as that of the first World War.

The Maritime commission said the 1,554 vessels lost flying the United States flag aggregated 1,277,077 deadweight tons. They fell prey to submarine, enemy mines or planes and wartime navigation hazards from Sept. 1, 1939, to last May 8.

Commission Chairman Emory S. Land did not minimize the severity of the Axis toll, saying the sinking of merchant ships was "heavy loss of life," he added that the casualty toll was raised to 6,068 on May 1 by 487 seamen and officers listed as prisoners of war.

Simultaneously last night the Navy and the British Admiralty

### Americans Ordered To Round Up German Soldiers, Refugees

WIESBADEN, Germany, June 14.—(AP)—American units have entered a no-man's land between American and Russian units south of Chemnitz with orders to round up the 15,000 German soldiers and refugees there, it was announced at the 12th Army Group headquarters today.

The American units had orders to advance to the center of the 30-mile wide pocket and the Russians have been invited to meet them half way.

See AMERICANS, Page 8

### Army and Navy Casualties Now 1,017,079 Men

WASHINGTON, June 14.—(AP)—Combat casualties of the army and navy during the war reached 1,017,097 today, an increase of 5,048 in the last week.

The increase was one of the smallest weekly rises in months and apparently reflected the end of fighting in Europe.

Secretary of War Stimson reported that army casualties in all theaters now total 899,952 on the basis of individual names received here through June 7 and reflecting fighting through the first half of May. The navy added 117,145 to the army's figure.

A breakdown on army casualties as reported today and corresponding figures for the preceding week follows:

Killed 187,369 and 185,670; wounded 568,611 and 556,844; missing 42,710 and 46,747; prisoners 11,262 and 106,573.

Stimson pointed out that the prisoner toll represented losses prior to the liberation of American soldiers taken by the Germans. He also reported that 254,819 of the wounded have returned to duty.

Similar tallies for the navy: Killed 44,769 and 44,903; wounded 67,402 and 66,787; missing 736 and 10,705; prisoners 4,238 and 4,240.

### Third and Seventh Armies Selected To Occupy Germany

WASHINGTON, June 14.—(AP)—General George E. Patton Jr. will return to his command in Europe and his U. S. Third Army will be one of the occupation forces for Germany.

This was announced today at a news conference by Secretary of War Stimson, who said that the Seventh Army now commanded by Lt. Gen. Wade H. Haislip, also would be one of the American occupying forces.

Stimson, in answer to a question, said the Third and Seventh "rather than the 15th" would be the American armies of occupation.

A dispatch from supreme headquarters today, however, said that the 15th Army would remain in Germany until December. If the situation allows such a move by then, the 15th then will be declared surplus and returned to the United States, the dispatch said.

Informal quarters at Washington believe it possible the 15th, created earlier this year and put under command of Lt. Gen. Leonard T. Gerow, might be disbanded after a few months. Its commander would be one of the American occupying forces.

See OCCUPATION, Page 10

### War Bond Statement From Adm. Waesche

WASHINGTON, June 14.—(AP)—A war bond statement from Admiral Russell R. Waesche, commander, United States Coast Guard.

"Our armed forces are nearing their goal—complete destruction of Japanese tyranny. It is the support the men fighting for this goal. The purchase of war bonds during the Seventh War Loan drive is an effective means of giving our fighting men deserved and well-earned support."

### DESPERATE ENEMY FORCES BATTling HARD ON MINDANAO

#### JAP UNIT IS COMPOSED LARGELY OF BEACHED NAVAL PERSONNEL

By SPENCER DAVIS.  
MANILA, June 14.—(AP)—Desperate Japanese forces, composed largely of beached naval personnel, are fighting tenaciously and fanatically to prevent a Yank advance along the east and west coasts of the Davao river on southern Mindanao.

For a week these Japanese have held up a large-scale American advance.

On the east bank, veterans of the 10th Infantry regiment, finally smashed organized resistance in the hemp groves and jungled hills, headquarters reported today.

West of Davao City, along the Talo-Kibawe trail, other 24th division troops commanded by Maj. Gen. Jon S. Doe's 41st division battled against tough opposition, terrible terrain, dense jungle and bad weather.

Other troops expanded bridgeheads they captured across the Talo river while doughboys of the 10th regiment ran into intense opposition driving up the main road from Ula to Baguio, Mindanao.

In Luzon's Cagayan Valley area north of Manila, Maj. Gen. Robert S. Beighler's 37th infantry division troops broke through frantic enemy resistance at Orioung Pass, seven miles northeast of Baguio, with support of heavy air strikes.

Five enemy tanks were seized on the highway. One of them, a Japanese-captured General Grant—M-3s. Presumably they were taken at Bataan, 1942.

### STRUGGLE OF SMALL NATIONS BOILS DOWN RIGHT TO WITHDRAW

By JOHN M. HIGHTOWER.  
Associated Press Diplomatist.  
SAN FRANCISCO, June 14.—(AP)—The struggle of small nations to protect themselves against the big power control of a world league finally boiled down today to one demand—the right to withdraw from the organization whenever they wish.

Indications are that this demand will be granted, although with some strings attached. The big powers, having triumphed on the veto issue, are agreeable provided they now get two other things they want:

1. A restriction that the charter being drawn up at the United Nations Conference cannot be amended except on complete agreement of the United States, Britain, Russia, France and China.

2. A punishment clause under which nations judged guilty of grave violations of the charter would be expelled from the organization.

These are the main, closely related problems for the closing days

See CONFERENCE, Page 8

### PREMIER SUZUKI HAS WRITTEN OFF ISLAND AND TURNS TO HOME

#### AUSTRALIANS MOVING AHEAD FOR RECONQUEST BORNEO TAKE AIRFIELD

By LEONARD MILLMAN.  
Associated Press War Editor.  
Virtually acknowledging the impending fall of Okinawa, Premier Kantaro Suzuki of Japan today told his countrymen, preparations were "complete and perfect" for defense of the home islands against an expected American invasion.

Japanese press and radio dispatched a broadcast from Tokyo and recorded by the FCC, the prominence of the premier's press conference statement, which included an indication that an army of 2,600,000 to 5,000,000 was being massed to repel any invasion attempt.

As the premier spoke, several thousand Nipponese soldiers were squeezed tighter into a shrinking 13-square mile pocket of Okinawa and Dyak aborigines, using poison darts, aided Australians fighting to free their home island of Borneo.

Banzai Charge.  
A banzai charge by 300 screaming Nipponese was annihilated by U. S. Seventh Infantrymen crumpling the eastern anchor of the enemy's suicide line, as marines of the Sixth Marine division completed the job of wiping out the Japanese Naha pocket.

Australians reconquering Borneo put one airfield into use, captured a second and drove toward a third. Two other columns pressed toward Brunel town, capital of the invaded area.

In other principal ground engagements Chinese reached the outskirts of Luchow, former U. S. air base in Szechuan, China, and U. S. 37th division infantrymen in the Philippines recaptured American tanks which fell into Japanese hands at Bataan.

Many Japanese Killed.  
Between 750,000 and 1,750,000 Japanese were estimated to have been killed in Superfort raids on Tokyo and Yokohama alone, underscoring Japanese worries over increasing U. S. air power.

Japanese warships were wrecked by Allied planes, including 40 Superforts planted mines in waters of western Nippon at midnight. Destroyers of the British Eastern fleet sank two Nipponese vessels off Sumatra.

Tokyo radio again reported Yanks were preparing for a new invasion, but Tokyo couldn't make up its mind whether it would be Japan or the China coast. There

### GERMANS HAD MUCH POISON GAS BUT NO SIGNS USE PLANNED

#### CHEMICAL WARFARE EXPERT SAYS TWO OCCASIONS COULD BEEN USED

By GEORGE TUCKER.  
WIESBADEN, Germany, June 13 (Delayed.)—(AP)—Gen. Jacob L. Devers said today that although the Germans had enormous quantities of a new type of poison gas known as "Green Ring, III," there was no evidence to show they ever intended to use gas as an offensive weapon.

Devers, who commanded the Sixth army group on the Western Front, said that if Hitler ever had seriously contemplated use of gas, he was restrained by the German general staff.

"Even in Africa

## SCHEDULE SECOND ROUND SOFTBALL SEASON IS DRAWN

Plans and schedule for the second round of the city softball league have been announced following a meeting of the managers last week.

Rated out games should be played the following Friday, according to instructions sent to the managers. A manager may "pick-up" as many as four players, two of whom may be league players. The opposing manager may disapprove the use of any league player picked up, or he may designate positions which they may not play.

**Rule On Transfer**  
No player may join another league team after the second round begins unless his manager has cut him off his roster. This must be done in writing to R. A. Armistead, secretary.

Complete team rosters should be mailed to the secretary not later than Friday, June 15. New players may be added at any time, but these names should be mailed to the secretary the week preceding their first game. No player may be added to a roster after July 20. The championship play-off series involving the four teams with the highest full-season percentages.

**Schedule**  
Following is the second round schedule:  
June 18—Goodrich vs. Royal Crown.  
June 19—Kerens vs. Willman's.  
June 20—Dr. Pepper vs. DeLux Bus.  
June 21—State Home vs. American Well.  
June 22—Dr. Pepper vs. State Home.  
June 23—Royal Crown vs. Willman's.  
June 24—DeLux Bus vs. American Well.  
June 25—Goodrich vs. Kerens.  
June 26—Goodrich vs. Willman's.  
June 27—Royal Crown vs. Kerens.  
June 28—Dr. Pepper vs. American Well.  
June 29—DeLux Bus vs. State Home.  
June 30—American Well vs. Willman's.  
July 1—State Home vs. Kerens.  
July 2—DeLux Bus vs. Royal Crown.  
July 3—Dr. Pepper vs. Goodrich.  
July 4—DeLux Bus vs. Royal Crown.  
July 5—State Home vs. Willman's.  
July 6—American Well vs. Kerens.  
July 7—DeLux Bus vs. Willman's.  
July 8—Dr. Pepper vs. Kerens.  
July 9—State Home vs. Goodrich.  
July 10—American Well vs. Royal Crown.  
July 11—State Home vs. Royal Crown.  
July 12—Dr. Pepper vs. Goodrich.  
July 13—DeLux Bus vs. Royal Crown.  
July 14—DeLux Bus vs. Goodrich.  
July 15—State Home vs. Willman's.  
July 16—American Well vs. Kerens.  
July 17—DeLux Bus vs. Willman's.  
July 18—Dr. Pepper vs. Kerens.  
July 19—State Home vs. Goodrich.  
July 20—American Well vs. Royal Crown.  
July 21—State Home vs. Royal Crown.  
July 22—DeLux Bus vs. Willman's.  
July 23—Dr. Pepper vs. Kerens.  
July 24—State Home vs. Goodrich.  
July 25—American Well vs. Royal Crown.  
July 26—State Home vs. Royal Crown.  
July 27—DeLux Bus vs. Willman's.  
July 28—Dr. Pepper vs. Kerens.  
July 29—State Home vs. Goodrich.  
July 30—American Well vs. Royal Crown.  
Aug. 1—Dr. Pepper vs. Willman's.  
Aug. 2—DeLux Bus vs. Kerens.  
Kerens is a new member of the circuit for the second half.

## Sgt. Thomas Haynes Back In States

Sgt. Thomas G. Haynes has arrived at Camp Patrick Henry, Va., and expects to be home Monday, June 18, he has notified his wife, 1002 South 17-1/2 Street.

Sergeant Haynes will meet his young son, Thomas Allyn, two years old, whom he has never seen. Going overseas in April, 1943, Sergeant Haynes served with the famous 36th Division.

Mr. and Mrs. Alton Jackson and son, Jimmie, of Lake Charles, La., are visiting Mrs. Jackson's parents, Mr. and Mrs. C. M. Dixon, at Embouse, and other relatives.

## WHAT BEGAN AT JERUSALEM CONTINUES AT SAN FRANCISCO\*

New Life For World Emerges As Popular Program—The Ideals of Jesus, Given Power by His Resurrection, Have Steadily Wrought Change, Now Coming to Climax

By WILLIAM T. ELLIS and EARL L. DOUGLASS

As natives of Africa and Asia sit on their haunches in their evening village conclaves, they discuss the same theme that engrosses the dinner tables of London and Moscow and Washington—what is going to happen to this war-torn world. The greatest recesses of earth have been penetrated by a consciousness of some sort of new era for mankind. Never before since the dawn of history has there been such a concentration of universal interest upon one theme. The slow centuries have all been leading up to this climactic hour.

One way of looking at this awesome crisis is to regard it as a continuation of the Great Change which began in old Jerusalem nearly two thousand years ago. Then burst upon the world, as consequences of the Crucifixion and Resurrection of Christ, the great truths of the sacredness of individual liberty and personality; the Divine sanction of brotherhood, and the law of love in human relations. All that we are today dreaming of and striving for was engendered in that first beginning of the Christian Church, which brought new life to mankind.

### Enemies Appear

Of course, there was bitter opposition to the new Church, and its message. Forces of reaction opposed this transforming truth. Even to the dark agencies of evil, bent on personal gain, surrounded the delegates to San Francisco. Foremost of the contemporary enemies of the Christ and His Church were the Sadducees and the priestly party. They were the prototype of the modern rationalists and aristocrats. They did not believe in a resurrection or in miracles. They were the party of privilege and power. They had crucified Jesus, and were determined to stamp out His influence upon His followers.

To the average disinterested person the new ideals of a unified world, organized to preserve peace and to promote world-wide prosperity, are wholly reasonable and desirable. They have so expressed themselves in an outpouring of popular interest unmatched in history.

But the Sadducees of our time—"big business" with its cartels; imperialism with its ambitions; reactionaries with their zeal for special power—are actively on the scene. As in the earliest days of Christianity they halt at no measures to encompass their ends. It is wholesome to remember at the present time the travail in which the Church was born.

### Power Factor

Outlawed, persecuted, martyred, that little band of disciples continued to bear witness to Christ and His resurrection. The power of God working through humble men was mightily demonstrated. Within three centuries their numbers had grown to more than thirty millions, and the Cross was lifted above the Roman eagle. Now there are half a billion Christians in the world.

Power above man's devising, accompanied the Evangel. The words of Jesus, as given in the first passage of our Lesson, have been fulfilled. The predicted persecution had come. The new tree of the Gospel had been watered by martyr blood.

Yet as witnesses to the resurrection and Saviourhood of Christ, these first disciples found a new power and joy in life. One by one they came under the sway of the master motive. A new, holy purpose grew in their hearts. It was sweet to suffer for the Name. They were able to endure as seeing Him who was invisible. The power within them was greater than the powers that assailed them.

Here we approach the great mystery of the Christian religion. It is more than a set of sublime teachings. It is more than all the churches' churchianity has been a constant handicap to Christianity. Many care more for the Church of Christ than for the Christ of the Church. Nevertheless, the church has been faithful in witnessing to the resurrection and to the imparted power which makes saints possible. By the testimony of individual Christians, who have found Jesus Christ a living, bright reality, the Church has moved forward, even as today in aroused might she is pressing the world forward to the establishment of a new world order. We are still looking, as they were in apostolic days, for a new heaven and a new earth wherein dwelleth righteousness.

**The Mastering Motives**  
Our Lesson gives in some detail the arrest of Peter and John for healing and preaching, the apostles all legal processes, the apostles were imprisoned and beaten. When released, they continued to tell the story. And the believers among

their audiences numbered about five thousand. Again they maintained stoutly the principle, which has ever since been a Christian slogan, "We must obey God rather than men."

Then appeared wise old doctor of the law Gamaliel, who counseled the Sadducees that they were going too fast and too far. They would better wait and see whether perchance this new movement be of God. Time would tell—as it has told.

Now we sigh for modern Gamaliels, to counsel extremists who may be fighting against God. If we will but let Him, He will have His way with our world.

### SEVEN SENTENCE SERMONS

In the field of destiny we reap as we have sown. —Drummond

Contentment is the best food to preserve a sound man, and the best medicine to restore a sick one. —Archbishop Secker

Lead, kindly Light, amid the encircling gloom, Lead Thou me on! The night is dark, and I am far from home; Lead Thou me on. —Newman

Following virtue is like ascending a steep; following vice, like rushing down a precipice. —Chinese Proverb

We must obey God rather than men. —Acts 5:29

Ah how skillful grows the hand That obeyeth love's command; It is the heart, and not the brain That to the highest doth attain, And he who followeth love's behest, Far exceedeth all the rest. —Longfellow

Convey thy love to thy friend as an arrow to the mark, to stick to, not as a ball against the wall, to rebound back to thee; that friendship will not continue to the end that is begun for an end. —Quarles

The Sunday School Lesson for June 17 is, "The Church Begins" 4:14; 5:29-42.

## FUNERAL SERVICES FOR O. D. RICH AT BLACK HILLS CHURCH

Funeral services for O. D. Rich, aged 89 years, who died at his home in the Black Hills community Monday night at 8 o'clock, were held Wednesday afternoon from Black Hills church. Burial was in the Black Hills cemetery. Rev. W. T. Allmon, Dawson minister, conducted the rites. He was a native of Tennessee.

Surviving are five sons, Horace Rich, Corsicana; O. S. Rich, Black Hills; C. C. Rich, Brice; Olan Rich, Corsicana; and Bill Rich, Purdon; two daughters, Mrs. Berdie Lichart and Mrs. Clay Meadows, both of Corsicana, and a number of grandchildren.

Pallbearers were R. D. Lockhart, Melvin Rich, Calvin Rich, James Lloyd Rich, Edgie Boarch and Wendell Lockhart, grandsons. Corley Funeral Home directed.

Alyne Thummel and Edwin W. French Are Wed Here On June 2

Miss Alyne Thummel, daughter of Mr. and Mrs. H. A. Thummel of Dallas, and Edwin W. French, son of Mrs. Alice Bankston of this city were united in marriage on June 2nd by Rev. Jared I. Cartledge, pastor of the First Baptist church.

The beautiful single ring ceremony was read in the church parsonage. The bride was attractively attired in a one-piece dress of dusty rose, with matching white accessories. With her courage of white gardenias, she carried out the traditional "something old, something new, something borrowed, and something blue."

The bridegroom, a 1936 graduate of the Corsicana High School, was discharged from the Army on May 31, after serving 40 months in the C. B. I. theater as a radio technician. The bride a 1936 graduate of Bryan High School, has been employed in the offices of Consolidated Aircraft, for the past three years.

Mr. and Mrs. French will be temporarily at home in Corsicana.

Mrs. Nell Harris and children, Dick and Sandra, of Texas City are guests of Mrs. Frances Harris this week.

## FORTY HIGH SCHOOL PLAYERS NAMED FOR ALL-STAR AFFAIR

ANNUAL GAME IN CONNECTION TEXAS COACHING SCHOOL AT ABILENE

By The Associated Press  
Forty of the forty-eight youngsters who will play in the annual all-star game of the Texas High School Coaching School at Abilene Aug. 10 were announced today.

Eck Curtis, coach of Highland Park (Dallas) who heads the committee selecting the South all-stars has picked 23 including two all-stars—Preston Smith of Bryan and Byron Gillory of Marshall backs.

Pat Gerald, coach of Vernon heading the committee on selection of the North squad, has announced from 17 only one all-star man is on his roster—Dick Harris, Wichita Falls center. Players who have finished their high school eligibility will appear in the game. Some of those chosen already are in college.

Skip Palrang, coach of Boys Town, Neb., will coach the South all-stars. Dutch Meyer, coach of Texas Christian University, will lead the North. Palrang and Meyer are head instructors at the Coaching School scheduled Aug. 6-10.

**Acceptances Received**  
Here are the acceptances received to date by Curtis:  
Centers—Albertus Guinn, Edinburg; Gene Clark, Gladewater; Robert (Red) Simons, Temple. Guards—Gene Reed, Austin (Houston); Charles Shurtliff, Mt. Vernon; Bob Terry, Cameron; Johnny Staewen, San Antonio Tech. Tackles—Odie Gilliam, Hondo; Kenneth Ferguson, Milby (Houston); Benton Ratcliff, Marshall; Warren Settegast, Lamar (Houston).

Ends—Desmond Kidd, Austin; Joe Dalsa, Bryan; Lillard Hart, Tyler. Backs—James Aycock, Longview; Bill Bounds, Cleveland; August Erfurth, Brackenridge (San Antonio); Mervin Bingham, Orange; Perry Samuels, Jefferson (San Antonio); Dick Hoester, Fredericksburg; Preston Smith, Bryan; Rob Goode, Bastrop; Byron Gillory, Marshall.

**On North Squad**  
Acceptances received by Gerald:  
Centers—Dick Harris, Wichita Falls; Sam Callan, San Angelo; Thomas Murphy, Sunset (Dallas). Guards—Corky Totten, Sherman; Guy Daniels, Abilene; Eldon Dawson, Greenville; Wilbur Milner, Paschal (Fort Worth). Tackles—John Basham, Poly (Fort Worth); Ernest Kleiy, El Paso High.

Ends—Harold Clark, Highland Park (Dallas); Alonzo Robertson, Memphis. Backs—George Graham, San Gelo; Charles Edmondson, Austin (El Paso); Maurice Esary, Amarillo; George Sims, Seymour; Billy Wayne Leoney, Sulphur Springs; Sam Pierce, Vernon.

**Married At Court House.**  
Willie Orval Thomas and Hazel Marie Herring, Frost Route 1, were married at the county clerk's office at the courthouse Saturday morning. The ceremony was performed by Judge W. H. Johnson.

**Married At Court House.**  
Clyde M. Nicholson and Macel Hiler, both of Barry, were married at the court house Monday afternoon. The ceremony was performed by Judge W. H. Johnson.

**KILLED ON OKINAWA** — Pfc. Hollis Jernigan, 20, U. S. Marine Corps, was killed in action on Okinawa May 23, according to a telegram from the navy department received by his parents, Mr. and Mrs. San Jernigan, Teague, former Corsicana residents. A veteran of two years in the service with a year and a half overseas, he attended the Corsicana schools. Besides his parents he is survived by three sisters and two brothers also in the service: TSgt. Cecil (Buddy) Jernigan, USAAF, Philippines, and Pvt. Clark Jernigan, U. S. Army, Infantry, Camp Hood.

## ALLEN W. SANDERS, LITTLE BOY, DIED IN SAN FRANCISCO

Allen Wayne Sanders, four-year old son of Mr. and Mrs. Malone L. (Bone) Sanders, Corsicana, died Sunday morning at 11 o'clock in San Francisco, Calif. Funeral services will be held from the Corley Chapel Friday afternoon at 4:30 o'clock with Rev. Durward Geddies conducting the rites. Burial will be in Oakwood cemetery. Surviving are his parents, his sister, Durlen Sanders, Corsicana; grandparents, Mr. and Mrs. R. E. Arnold, Corsicana; enaunt, Mrs. Linnie Lee Powell, Corsicana; an uncle, R. E. Arnold, Jr., San Francisco, and other relatives.

Pallbearers will be Dale Taylor, Jack Holt, Billy Ralph Elliott, Bennie Joe Crabb, Billy Owen and Johnnie Yarbrough.

**Miss June Mattson, Lt. Joe Bob Tekell To Wed June 28th**

Dr. and Mrs. R. H. Mattson, 2724 University avenue, Grand Forks, N. D., announce the engagement and approaching marriage of their daughter, June Elizabeth, to Lt. Joe Bob Tekell, son of Mr. and Mrs. M. A. Tekell, 1712 Maplewood, Corsicana. The wedding will take place at Fort Sumner, N. M., on June 28.

Miss Mattson graduated from the University of North Dakota in May and is a member of Alpha Phi sorority.

Lt. Tekell received his commission in the U. S. Army Air Forces in December, and is now serving as a pilot of a P-47 Thunderbolt at Fort Sumner. Before entering the armed forces on March 29, 1943, Lt. Tekell attended Texas A. and M. College. He began his training when the air corps cadets were stationed at the University of North Dakota.

## CAPTURED GERMAN TROPHIES RECEIVED BY WIFE OF SOLDIER

A boxful of captured German trophies and military paraphernalia has been received by Mrs. Leslie G. Grayson, 618 South Fourteenth street, from Pfc. Grayson, who was with Patton's Third army.

Included in the shipment were two Nazi flags, two German dress uniforms, a camouflaged parachute, a supply parachute, German arm bands, razors, pocket knives, compass, daggers, medals, cutlery and coins and paper money from Belgium, France and Germany.

Pfc. Grayson went into the service in November, 1943, and has been overseas since June, 1944. He and his wife, the former Bonnie Burney, have a six-month-old son.

**Training Course For Leaders Young People At First Baptist**

Training courses for Young People's Councilors of the Corsicana Baptist Association were held at First Baptist church on Tuesday, with Mrs. Durward Geddies, secretary of the young people of the local association, in charge of local arrangements.

Visiting teachers included Mrs. Tom Faye of Hubbard, district WMF president; Mrs. Howard Saunders of Waco, young people's secretary; Mrs. Chas. Fuqua of Meridian, district young people's secretary, who served as chairman of the meeting.

Between 20 and 25 councilors took advantage of the meeting, and enjoyed a luncheon which was served in the church banquet room at noon.

Rev. Durward Geddies, local association's missionary, and other

## Name W. L. Holman Vice-President Of State National

W. L. Holman was elevated to the vice presidency of the State National Bank Tuesday at a meeting of the board of directors of the institution, according to an announcement by N. Suttle Roberts president, Wednesday.

He has been in the banking business here for about 25 years and had been assistant cashier for a number of years.

Holman started his banking career with the First State Bank of Corsicana, and was assistant cashier of that bank when it was consolidated with the State National Bank some time ago.

Other officers of the bank include President Roberts, J. O. Burke, vice president, and F. L. Seale, cashier.

pastors of the association were in attendance.

The day was characterized as a successful "Learn How Day" for the councilors of young people of the Baptist church, and was sponsored by the Women's Missionary Union.

## COUNTY SCHOOLS PARTICIPATED IN LUNCH PROGRAM

Twenty-seven Navarro county schools, a new high number, participated in the community lunch program the past year, according to J. C. Watson, Navarro county school superintendent. There were 18 independent and 14 common schools served adequate noon-day lunches daily to about 2,645 school children.

Without the help of the War Food Administration, most of these lunchrooms could not have operated this year, the superintendent said, but much of this year's success also must go to local sponsors who have worked untiringly in seeing that school children were served well-balanced meals.

Reimbursements from WFA this year total about \$34,000, which enabled the serving of well-balanced, healthful foods to school children for an average of only ten cents per meal, he explained. No discrimination is made between children who are able to pay for their lunches and those who cannot pay.

Perishable foods bought from farmers and distributed in the county by War Food Administration included apples, carrots, beets and onions. Some foods were bought direct from the county farmers and wholesale and retail firms, Watson said that lunch-

## HEROES

CONTINUED FROM FIRST PAGE participate in the whole celebration. He was in the parade, but he wasn't spotted in a later golda parade on the San Antonio River and he didn't show up at a reception and banquet last night.

The Generals were introduced at the banquet and spoke briefly and then the toastmaster said he had a big treat for the audience—a look at the man who won every Medal in the book. Then he showed the name of Audie Murphy and commanded Murphy to stand up. Murphy had, probably figured something like that might happen. Anyway he wasn't there.

As for Farmersville's plans for the night, the mere thought of a big reception has him "scared to death."

At the press conference yesterday, General Eaker said American air power will give Japan a much worse time than Germany had. Lt. Gen. Alexander M. Patch, commander of the Seventh Army, said comparatively little training will be necessary to fit ground forces from the European Theater for action in the Pacific.

Rooms equipped to can foods will be eligible to receive available perishable commodities this summer for use in preparing well-balanced lunches next year.

## LARGE PINEAPPLE SHIPMENT SECURED NAVARRO COUNTIANS

A grand total of 13,500 pints of pineapple juice and canned pineapple was secured by Navarro county citizens this week in a truckload of the fruit from the Tropical Fruit Growers association of Mexico through the auspices of the Navarro county home demonstration council. This announcement was made by Miss Vera Sneed, county home demonstration agent.

There were a total of 375 dozen pineapples, averaging 4-2 pounds each, in the consignment for the Navarro county home demonstration clubs and their friends. The shipment was secured at Laredo from the Mexican association and arrived here Monday night for distribution Tuesday.

Miss Sneed said the procedure carried out reduced the cost of the fruit slightly in excess of fifty percent as compared with the cost had the fruit been purchased through the customary channels. Each pineapple yielded two pints of canned fruit and a pint of juice. The consignment weighed 20,500 pounds.

Delivery of the orders were made at the courthouse Tuesday.

## POISON GAS

CONTINUED FROM FIRST PAGE though it was gas. Later when he showed him the tank he identified the smell and admitted his error.

"The other scare occurred near Thionville in the Metz area and proved equally untrue. An old dump of French artillery shells was uncovered and word quickly spread we had exploded a poison gas dump."

Devers said that in his opinion the only real value gas had was its value as a threat.

"It makes you carry masks, gas shells, protective clothing. It slows you down."

The spokesman said experts were agreed that the new German gas, including the "Greening" (green ring), went beyond anything the allies had.

"Everything we know about it is based on animal experiments," he said. "It acts very quickly (27 words censored)."

The only evidence today that Hitler ever played with the idea of using gas offensively came from interrogation reports of a few high ranking members of the German staff and of Hitler's official family. Heilmarschal Goering is supposed to have told interrogators he talked Hitler out of using gas in the early stages of the war, but this is believed by some officers to be part of the defense Goering is attempting to set up for himself.

The spokesman said all the evidence pointed to the conclusion that the Germans had no intention of making offensive use of the gas.

## Youthful Patron Of An Atlanta Theater Had Hand Grenade

ATLANTA, June 14.—(AP)—A youthful patron of an Atlanta theater was discovered nonchalantly viewing a Western thriller—and at the same time toying with a hand grenade in his lap last night.

Theater officials called in the police who in turn summoned the Military authorities.

The boy said he had been given the grenade by a paratrooper, who told him it was "dead."

Far from being "dead," military authorities reported the grenade was one of the most deadly now in use—powerful enough to kill 75 or 100 persons.

Buchenwald Commandant Arrested WIESBADEN, Germany, June 14.—(AP)—Hermann Pieker, who was commandant of the Buchenwald prison camp in 1942 and 1943, and 18 staff officers have been arrested and are being held in a prison of war men at Fuerstentum in the 45th Division area. It was announced today.

**TOO MUCH GOVERNMENT**

Man, says the Scripture, is "fearfully and wonderfully made," but it seems as if government is still more so. The Byrd committee on congressional economy has uncovered no less than 1,141 bureaus in the executive branch alone. Then there are 13 principal agencies in the executive office of the President, 23 emergency war agencies with 499 component parts, and 26 independent agencies with 265 component parts. Naturally there is a vast amount of milling around among all these organizations, with confusion and wasted effort. It is largely the same old Topsy story. Things have not been planned that way, but have "just grown." With the ever-increasing complexity of a great government and a great country in a great world war, the tendency is to keep right on growing until the bureaucrats overwhelm the national scene, and nobody can find anybody else without a professional guide and an extensive leave of absence from his regular business. The Byrd committee, at any rate, has rendered a public service by revealing the nature and scope of the job that has to be done. The beginning of wisdom in this case may be to stop hiring and start firing. That is what a business institution would do. Governmental operations are never so simple, being bound up with red tape and precedent and vested interests. But a start must be made some time, or else the government will expand and proliferate until it absorbs everybody and everything.

**BEATING THE HANDICAPS**

George J. Harter, who has just died at 62, was a physically handicapped man who still managed to get ahead in life. Blind for 20 years, he served several terms in the Ohio legislature, and was elected mayor of Akron, a city of 250,000 inhabitants. While in the legislature he was his party floor leader, and was said to recognize his fellow-members by their voices.

Several communities have had blind judges, but there have not been many blind executives. Thomas P. Gore served for many years in the Senate from Oklahoma, and Thomas D. Schall was a Minnesota senator some ten years ago.

The blind have received so much attention and sympathy that it is not always realized that there may be even worse handicaps. Cleveland for years had a judge who early in life had lost both his arms. There was a really overwhelming handicap.

**NAZI PHILOSOPHER**

Behind cruel deeds often lies a cruel theory. The Nazi atrocities were regarded as justified by the racial theories of Alfred Rosenberg, recently seized by the Allies. Rosenberg, like Hitler, was not German by birth. He was a Russian of German ancestry, born in Estonia, and did not become a German citizen till 1923. Then he fell in with the still unknown Hitler and enchanted the future Fuehrer by his plan for a pure Germanic race with the German as a superman above all ordinary human status. Replacement of Christianity by the worship of the old Teutonic gods soon followed naturally.

This new religion was an

**Edgar A. Guest**

**A GREY HEAD WONDERS.**  
There is something in the shouting of a healthy six-year old that sets the nerves to shiver and the blood to running cold. And the way a youngster races at full-tilt about the place is a form of human terror only parents calmly face.

I remember, as a father, I'd so fear of little boys. I could sit and read my paper undisturbed by all their coming and going, and the shouting and the screaming and the racing round about.

Oh, I wouldn't check his darning, though it sets my nerves on edge. To see the little fellow crawling round the window ledge. And I wouldn't have him quiff, for his noise is healthy stuff. But I have to up and leave him when I find I've had enough.

Now, I wonder—as his mother, at her knitting or book. When his precious neck he's risked, never turns her head to look. And his father hears him screaming and an eyelid doesn't bat—it, when we were merely parents, were we both as cool as that?

couraged by the Nazis, but not made compulsory. So, too, the French Revolution, under Robespierre, dallied for a time with the worship of the Goddess of Reason in place of the traditional Christian faith.

Rosenberg was the philosopher of the Nazis and the chief editorial writer of the party organ, the Voelkische Beobachter. Had Germany conquered Russia, he might have become its gauleiter. Now, as instigator of barbarous crimes, he is likely to pay a long overdue penalty.

**NEW AUTOMOBILES**

It has been estimated that some 200,000 new automobiles may roll off the production lines before the end of the year. The average citizen, weary of years of struggle with worn-out parts, repair bills and crowded public transportation, grins as he counts the months. But, alas, it isn't so simple.

Those 200,000 cars would be barely enough, according to authorities, to "sample" the more than 30,000 automobile dealers in the country. What is more, there are so many priority orders, already piled up or expected from doctors, ministers and others engaged in public services that not even the 2,000,000 cars considered possible during 1946 will fill them all.

Mr. Average Driver probably won't have a chance to spend his money until the year after that. So he may just as well resign himself to the fact that some of it will have to go on repairs, and he will be wise to have them made as soon as defects show up. Unless he does, he may find himself without any car at all, which would be ironic, now that there's more gas to use.

**TRAIN SAFETY**

There has been some criticism of the rail roads during the last years. People complain that trains are late, or meals too simple, or service bad. It makes an on-looker suspect that these are chronic complainers, whose personal convenience comes before the general interest.

Seldom do they have a real argument. Trains may be late, but they do arrive. Luxury service may not be on tap, but passengers find legitimate needs provided for. And, in spite of wear on equipment subjected to extraordinary demands, they arrive safely.

The safety record of our wartime transportation is amazing. Much of it is due to the years of forethought which have produced such devices as the "dead man's throttle." One of those levers, which are so contrived that the moment the engineer's grasp lessons the train stops, saved the lives of 200 passengers the other day in New Jersey. The engineer had a heart attack, which in former years could have meant death or injury to passengers, crew and the train itself. But as his hand slipped from the throttle, the train came to a halt without hurting a person.

"Force for peace" is the word at Frisco, and we hope it works out that way, but there's a lot of stubborn beligerency in this world.

Mr. and Mrs. H. H. Bostwick, 625 South Fifth Street, have heard from their son, Pfc. Howard E. Bostwick, who is now in Germany with the 502nd Parachute Infantry. He writes that he is well and "hello" to his friends. Private Bostwick went overseas in January. He has been in the service for the past three years.

Cpl. Clem M. Dixon, aged 22, U. S. Third Army is home visiting his parents, Mr. and Mrs. C. M. Dixon, Emhouse, following 14 months service overseas. A graduate of Emhouse High School in 1938 and formerly employed in Lake Charles, La., he entered the armed forces October 30, 1942. He went overseas to England April 9, 1944, and landed on the Normandy beaches June 8, 1944, two days after D-Day. He was with the 58th Infantry, Nineteenth Division. He is now stationed at Torrey General Hospital, Palm Springs, Calif. A brother, Everett Dixon, 33, also of Emhouse, is with the Third Army, tank destroyer, has been in the service 38 months and overseas 19 months. He is now stationed in Czechoslovakia.

MIAMI BEACH, Fla.—Lt. Robert E. McMullan, son of Mrs. Mary A. McMullan, route 1, Rice, has been admitted to the AAF Regional Convalescent Hospital, Miami District, for treatment and rest.

Pvt. Thomas W. Carrington of Camp Hood, Texas, spent the week end with his wife and three children in Corsicana. Before entering the service, Private Carrington was employed at the American Well and Prospecting Company.

39th Infantry Division, Luzon.—Pfc. Raymond Campbell, son of Mr. and Mrs. J. B. Campbell, Corsicana, route 1, of the 13th engineer combat battalion, engineer unit of the 38th "Cyclone" Infantry division, who saw action in Bataan and in the Zambales Mountains operations, is once more under fire to clear the Sierra Madre range to east of Manila. Inducted into the armed forces at Camp Walters, Texas in 1943, he received combat training at Camp Abbot, Oregon, and Camp Stoneman, Calif., before arriving overseas. He has served in Hawaii, New Guinea and now in the Philippines.

RANDOLPH FIELD, June 14.—(Spl.)—First Lt. Paul S. Ferguson, husband of Peggy Ann Ferguson, 1677 West Fourth Avenue, Corsicana, Texas, is one of our first students in Randolph Field's newly-established school for pilots and flight engineers of B-29 Superfortresses. The first class of combat crew trainees will fly the massive airplanes against the Japanese, opened recently to give B-29 transition training. The three-man teams will serve together as pilot, bombardier, copilot, and flight engineer leaders of 11-man aerial crews. When he has completed his training here Lt. Ferguson, a pilot, will go to another AAF station to meet other members of his crew and practice operational flight techniques before he leaves for an overseas destination.

WITH THE 96TH INFANTRY DIVISION ON OKINAWA.—During recent bitter fighting in Southern Okinawa, Pfc. Roy Whitefield, Corsicana, Texas, served as assistant gunner with a 96th Division mortar section, which fired the astounding number of 8,800 rounds of ammunition in a four-day period.

During this action, the section accounted for two heavy Japanese tanks, a machine gun and 115 enemy troops. It was also instrumental in breaking up a heavy Jap counter-attack.

"The boys really did a fine job," the platoon leader commented. "They went practically without sleep for four days and nights and when it was over most of them were temporarily deafened by the incessant noise. It was the finest work by a light mortar section that I've seen over here."

Reaves Allen Burge, S-1c, U. S. Navy, has written his mother, Mrs. Alice Burge, that he has participated in the battle of Okinawa, and that his ship had a part in the destruction of 66 Japanese planes on one day. Mrs. Burge has three other sons in the service. Pvt. Jack I. Burge, who recently spent an 11 day furlough here, has returned to Ft. Ord, Calif. Sgt. Ramon L. Burge is stationed in Egypt and Pvt. Jesse Burge is stationed at Camp Crowder, Mo.

Dorothy P. Andre, daughter of Mrs. Hattie Green, 735 West Eighth Avenue, who is stationed in London at the headquarters of the European Division, USAAF Air Transport Command, has been promoted from the grade of private to private first class. Pfc. Andre is a member of the briefing section at the headquarters supervising a 4,000-mile network of air routes spread across Europe by ATC's European Division, which is commanded by Brig. Gen. Earl S. Fong. Her organization, before D-Day, contributed to the defeat of Germany by transporting 300,000 key passengers and 71,000,000 pounds of stores. A troop mail train to the European theater regularly ferried 16,000 tactical aircraft, and evacuating 30,000 wounded soldiers by air to the U. S.

Now Pfc. Andre will play a part in the big share of the redeployment program assigned to Air Transport Command. Air transport of certain personnel and combat aircraft to and through the United States for the war against Japan is increasing European Division operations by some 800 per cent. Before entering the army in December, 1943, she was graduated from Corsicana High School. She was stationed at Fort Oglethorpe, Ga., and at Grenier Field, N. M., before shipping overseas in March, 1945.

T-5 Jack Stroube who is now stationed at the Harmon Convalescent Hospital at Longview, spent the week end with his wife and daughter, Mary, and his parents, Mr. and Mrs. H. R. Stroube.

**Former Resident Corsicana Member Lexington Crew**

"We have stepped high from Parawa to Tokyo," said Lon Canady, 32, U. S. navy, fireman 1c, veteran crew member of the U. S. aircraft carrier Lexington, with 19 months of the service, which included 15 months of combat sea-duty.

A former resident of Corsicana, where he was employed by the McCoplin Grain Company, Canady is on leave visiting his wife, Mrs. Evelyn Canady, and three children, Dallas. He was in Corsicana during with Rufus Peyhouse, deputy United States marshal, former Navarro county sheriff. "While on my tour of duty the Lexington covered 160,000 miles, destroyed 82 of 82 Japanese planes and sunk 900,000 tons of enemy shipping," the veteran summed up. Pointing out that his ship had taken part in more than 30 series of attacks against Japanese positions, Canady said that "we made the most out of every one of these opportunities to raise hell with the Japs." The Lexington also covered seven amphibious landings. Taking part in nine major engagements, he wears the Silver Star and seven Bronze Stars. The Silver Star represents five Bronze Stars. Canady also wears the American, Asiatic, Philippine and Direct service ribbons. Entering the service in February 1943, he has been overseas since February, 1944.

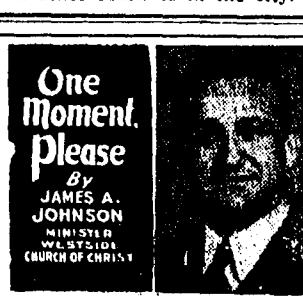

**Notice**

Dear Friend:  
If your Corsicana Light will be out soon, just drop me a card and I will renew it for you.

I have Aladdin Lamps and supplies. See me Saturdays from 2 until 4 o'clock at Corsicana Poultry and Egg Co., Tenth street.

Your Neighbor,  
**A. B. HUTSON,**  
Corsicana, Texas, Route 3

Mrs. Marshall Molloy Bates has returned to Wichita Falls following a visit with Miss Lillian Bates and other relatives in the city.

I can judge an act by its fruits and know to beware of it. Jesus says, "By their fruits ye shall know them." Even if a person didn't know that the Bible specifically condemns drunkenness he could realize that it is a unwise practice on account of the ruin and misery which accompany it.

Despite the fact that Biblical principles concerning works of the flesh condemn the dancing man, one can know that the dance is evil because of its bad fruits. These bad fruits include a loss of interest in the spirit, loss of moral delinquency. Somebody truthfully said, "A dancing foot and a praying knee do not grow on the same limb."

However, the Bible does not forbid our having a good time. It merely exhorts us to have a good time in the good. We can rejoice to realize that God has placed certain restrictions upon us for our real happiness and well-being. The counsel of our Heavenly Father may be compared to an earthly father's advice to his little son to not touch his fingers to the stove.

**RAINFALL DURING WEEK TOTALS 2.32 INCHES WEDNESDAY**

An additional .62 of an inch of rain fell here during the 24 hour period ending at 6 o'clock Wednesday morning, bringing the total this week to 2.32 inches. Trains and buses were reported running on time Wednesday morning following a slight interruption of schedules Tuesday. The Burlington Rock Island de-toured trains from the south and north Tuesday due to washouts at Olton creek between here and Dallas and a washout near Streetman to the south.

Chambers creek went out of banks Tuesday afternoon due to the heavy rains in the Midlothian area.

Pat Brown reported a house blown off the blocks on his farm southeast of Richland, and a roof blown from a house and a barn on the same farm Monday night. Reports reaching Corsicana Wednesday morning were that Chambers creek north and east of Corsicana was the highest in years and still rising. Rice residents reported that the creek lacked only three feet reaching the roadway on the high dump in the Highway 15 bend. Some apprehension was felt for levees along the stream.

**High Winds at Purley**

Fred M. Copeland, Purley, county commissioner, reported cyclonic winds in his community Monday night, with a number of outbuildings, garages and barns damaged in that area. Many trees were uprooted and twisted. A chicken house containing 25 broiler-sized chickens were picked up and dropped over a high fence, killing all the fowls. His garage also was damaged. He reported an automobile pushed or picked up and carried several hundred yards into a field, while a surveying machine was still hunting a sewing machine that was swept away by the winds.

Copeland reported Richland creek at Ward bridge two-thirds banks when he came to Corsicana Tuesday morning. He does not expect Richland to get on a rampage as Chambers is doing.

Guy M. Gibson, owner of a large tract of lowlands behind levees near the confluence of Richland and Chambers creeks, said up-stream reports indicated the highest crest of the year, and considerable damage was expected in southeastern Navarro county and northeastern Freestone county. Trinity River is expected to be out of banks in this section as soon as the floodwaters of North Texas tributaries reach the Trinity area.

**Pvt. Spencer Elliott Has Been Awarded Bronze Star Medal**

Pvt. Spencer M. Elliott writes his parents, Mr. and Mrs. S. M. Elliott, from Germany, stating that he is doing fine. In the letter he gave an interesting account of the battles in which he participated, the principal ones being at Hamm and Dortmund. Pfc. Elliott has been awarded the Bronze Star and a good conduct badge. He has served in five armies since he arrived in Europe six months ago, the American, British, Third, Ninth, Fifteenth and the British Second. He is now in the 98th Division which the Stars and Stripes says will train in the United States for action against Japan. Pvt. Elliott carried a Daily Sun route three years before entering the service.

Lieut. and Mrs. A. A. Curry are visiting relatives in Tallulah, La.

**Pfc. E. D. McCormick Is Now Stationed At Camp Edwards**

Pfc. E. D. McCormick, former Navarro county judge and mayor of Frost, is now stationed at the U. S. Army General Hospital, Camp Edwards, Mass., according to a letter received by friends here. Pfc. McCormick resigned as county judge early in 1944 to enlist in the army. He was stationed at a hospital in San Antonio for several months before his transfer to Camp Edwards.

The former judge was disappointed he did not get to go overseas to the European Theatre of Operations, and states that as many as 1,100 patients are sent through that hospital in one day on their return from Europe. He is a surgical technician and all of his duties are in the operating rooms. The patient-evacuees arrive by plane and hospital ships.

**BROTHERS MEET OVERSEAS**

T-Sgt. W. J. Mahoney, 26, USAAF left, and J. C. Mahoney, U. S. Army, Pfc. 2c, sons of Mr. and Mrs. J. D. Mahoney, Purdon route three, recently met in the Marihuas where the above picture was taken. The brothers had not seen each other in three years. W. J. has been in the service four years and overseas six months. A graduate of the Corsicana high school, he also attended the University of Texas. His wife and two year old daughter reside at Austin. J. C. has been in the service three years and overseas 2 months. He is a graduate of the Mildred high school and attended business college at Austin. His wife and six year old son reside at Purdon.

**Man On Furlough Slugged, Robbed**

That long-coveted furlough home became anything but happy for W. C. Polson, route 5, Monday night. Polson reported to city police that he was slugged in the head and robbed as he passed beside a truck at the carnival grounds. His wallet contained \$24, examination and classification papers and gas stamps allowed him by the OPA for his furlough visit.

The Navarro Home Demonstration Council will meet in regular session at Kinsloe House at 2 o'clock on Saturday afternoon.

**BUGS IN YOUR FOOD?**

Not a pleasant thought, is it? You know how quickly you would act if you discovered insects destroying scarce, rationed food in your pantry! But what about this . . .

296,822,000 pounds of Cottonseed Oil, badly needed for rationed shortening, margarine and other foods, are lost annually because the cotton crop is not properly protected against cotton insects.

864,000,000 pounds of Cottonseed Meal and Cake, needed to produce scarce, rationed meats, are lost annually, on the average, because the cotton crop is not properly protected against insects.

520,000,000 pounds of Cottonseed Hulls, also needed for livestock - - Cotton Linters needed for munitions - - Fiber Cotton needed for thousands of uses - - lost through damage by Cotton Insects - - deprive our country of essential products and our cotton growers of millions of dollars in income.

Neither Uncle Sam nor YOU can afford these losses in 1945 - - More than ever before, it is necessary and profitable to save your Cash, Food and Feed crop from Cotton Insects this season.

This message from the Texas War Cotton Production Committee is published as a public service by the following firms:

and inspired mostly by unconfirmed Paris reports—that Harry Hopkins, President Truman's emissary, suggested in obtaining the release of at least some of the 16 Poles.

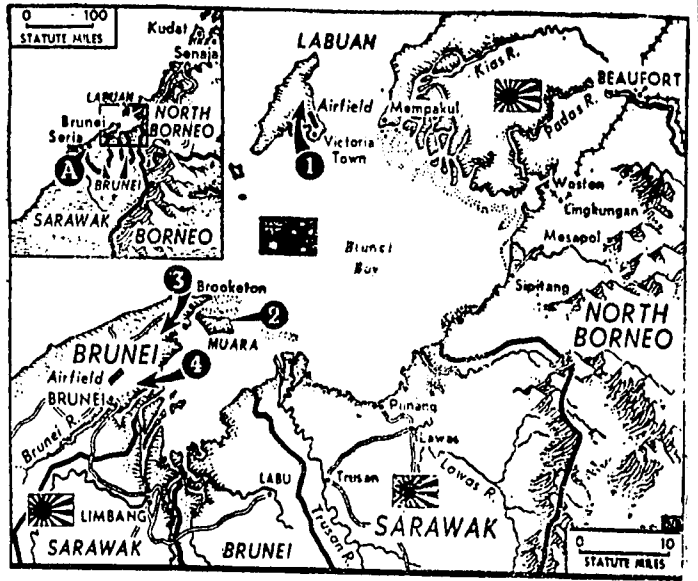

**Hope for Trouble**  
The London Poles apparently were clinging to the hope that the Moscow conference, opening Friday, would bog down over the difficult problems which lie ahead of the delegates. Among these problems is the matter of the Polish army, many of whose leaders profess loyalty to the exiled government.

An emergency cabinet session of the London Polish government was expected today.

One spokesman for the London group suggested that this exiled government had been deserted outright by Britain and the United States in return for Russia's relaxation of her veto demands at San Francisco.

The London exiles steadfastly refused to recognize the authority of the Big Three powers to supervise the formation of a new provisional government.

The London group was outwardly indignant because it had not been consulted by the Big Three about plans for the conference. The Polish ministry of information attributed to exile sources a statement that this was the first time in the reconstruction of a liberated country that leaders of the resistance had been disregarded in an

attempt to create the basis for the future of a country.

Went Mikolajczyk Included  
MOSCOW, June 14.—(AP)—American and British officials were expected today to exert all their influence in an effort to have Stanislaw Mikolajczyk, former Premier of the Polish government-in-exile in London, included in the new Polish provisional government.

Diplomatic circles expressed belief the chances were good that Mikolajczyk, who is expected to arrive in Moscow today, would be accorded a place in the new government and that he would accept

CLEAN-UP

CONTINUED FROM FIRST PAGE  
In containers which can be easily handled during the emergency pickup next Monday. At that time, 22 trucks will visit every home in Corrales and Navarro county to pick up the accumulations resulting from the clean up drive.

**Issue Instructions.**  
Health officials have issued the following instructions to be followed in checking health hazards: Proper disposal of human wastes. Sewer connection is safest. Toilet bowls should be kept clean and free of fouling. Privy vaults should be tight, and the seats kept covered. In other types of privies, the fecal matter should be covered with sand, ashes or lime to prevent flies, cockroaches or rats from coming in contact with any infectious material.

**Protection of food supply.** By keeping foods covered and inaccessible to flies, rats and mice. Dishes should be washed in hot soapy water, or sterilized. Purchase of spoiled or contaminated food stuff for human consumption.

**Cover Garbage.**  
Control of fly breeding. Place all garbage in covered containers, avoid throwing dish water on the ground, patch broken screens, keep animal and chicken houses scrupulously clean and at a reasonable distance from the house.

**Control of rats and mice.** Keep food away from rats. Place baited traps in runways, close up rat openings. Support community-wide rat poisoning campaigns.

**Precautionary measures.** at swimming pools. Patronize no pool which does not insure thorough soap scrubbing for the removal of minute particles of fecal matter from the body and which does not continuously maintain a proper chlorine residual.

**Water Supplies.**  
Protection of water supplies. If a private water supply is used, see that the casing or curbing is tight and that the well or cistern has a tight cover. If the quality is questionable, have a sample submitted to your city health officer for analysis.

**Control of mosquito breeding.** Examine premises closely for standing water. Destroy all mosquito-breeding places.

If children become ill or have temperature consult your family physician.

INDIA

CONTINUED FROM FIRST PAGE  
hitherto has been held by the Viceroy, should be placed in charge of an Indian member of the council as far as the interests of British India are concerned," he said.

"A further step proposed by his majesty's government is the appointment of a British high commissioner in India, as in the dominions, to represent Great Britain's commercial and other such interests in India.

"Such a new executive council will, you realize, represent a definite advance on the road to self-government. It will be almost entirely Indian and the finance and home (department) members will for the first time be Indians, while an Indian will also be charged with management of India's foreign affairs."

Eight members of the congress party's working committee gained their freedom under the viceroy's decision. They included Jawaharlal Nehru, Sardar Vallabhbhai Patel and Maulana Azad, all former presidents of the party.

Today's proposals were the first major step toward an India solution since 1942, when Sir Stafford Cripps visited India in an effort to further the plan for dominion status for the country after the war.

The government said the offer of dominion status still stands without change or qualification.

The proposal was wrecked on Gandhi's insistence upon immediate withdrawal of the British from the country and Mosley's proposals for separate Moslem and Hindu states.

PACIFIC WAR

CONTINUED FROM FIRST PAGE  
appeared to be no doubt in the mind of Premier Admiral Suzuki who said it would take several months for the allies to prepare an invasion force of 500,000 and by that time Japan would be ready to meet them with five to ten times as many men.

**Under Military Rule.**  
He indicated Japan is already under practical military rule. This week his cabinet received powers to rule by imperial decree, and he disclosed today that the supreme military council, composed of army and navy heads, "functions virtually as a war cabinet." His own career as premier, and member of the supreme military council, will not end with the fall of Okinawa, Suzuki said.

American forces cut a little deeper into the northern and eastern sides of the escarpment where Okinawa. Japanese are making their last stand.

Ninety-sixth division infantrymen fought a 36 hour grenade duel in a jumble of rocks at the base of the main escarpment on the north, and drove a 400 yard wedge into the enemy's bastion.

**Seventh Infantry Gains.**  
The Seventh Infantry also made a 400 yard gain, establishing control of most of the escarpment in its zone. The well-organized night attack by 300 screaming Nipponese carrying grenades and satchel charges was the first of many expected banzai charges as the Japanese force disintegrates.

On the western flank, nearly three miles away, the First marine division strengthened its position atop Kunishi ridge, bringing up reinforcements through heavily shelled rice paddies in tanks under cover of a smoke screen.

The Naha pocket, also on the west coast, was eliminated by the

Sixth division marines in a nine-day battle during which 3,500 Japanese were killed. Many caves and underground dwellings, remain to be sealed up.

**Flight "Truly Desperate."**  
Tokyo broadcasts conceded the garrison's plight was "truly desperate." Radio dispatches expressed more concern over development of ten air fields in the Okinawa area and reported arrival of Flying Fortresses and Liberators in the Philippines from Europe.

Besides capturing two airdromes within range of the Asiatic mainland, Aussies reclaimed some of Borneo's finest rubber plantations as they pushed 14 miles through jungles, land mines, booby traps and mortar fire in two days. Each column was two miles from the capital of the protectorate.

In the Southern Philippines, the U. S. 19th infantry regiment broke a week-long stalemate on the Davao river of southeastern Mindanao, scattering Japanese naval personnel into disconnected pockets.

Only minor actions were reported in Burma. Japanese broadcasts reported "peace and order" have been restored in Indo-China, where Nipponese recently ousted French forces.

**Jan Ships Sunk.**  
COLOMBO, Ceylon, June 14.—(AP)—Destroyers of the British East Indies fleet, supported by U.S. Liberators, have sunk Japanese supply ship and an escorting submarine chaser off Northwest Sumatra. It was announced today.

**Action In Burma.**  
CALCUTTA, June 14.—(AP)—British 15th army troops in Southern Burma edged further ahead on the Toungoo-Mawchi road toward Thailand today and captured an enemy-held feature west of Milestone 21. In the area northeast of Prome

British troops made contact with the retreating Japanese.

**Chinese Reach Liuchow Suburbs**  
CHUNGKING, June 14.—(AP)—The Chinese high command announced today that Chinese forces had reached the suburbs of Liuchow, former U. S. air base site in Kwangsi province, and were engaged in fierce fighting with Japanese troops.

The announcement also said heavy fighting was continuing in the suburbs of Tashan, railway town 43 miles west of Liuchow, which the Chinese evacuated Monday under heavy Japanese pressure after holding it for a single day.

**Superforts Lay Mines.**  
SAN FRANCISCO, June 14.—(AP)—Mine-laying Superforts flying midnight sorties along the west coast of Honshu, main island of Japan, laid new hazards for Uip-

ponese shipping Tokyo reported today.

Ten B-29s planted mines in the Sea of Japan off the coast of Niigata Prefecture, 160 miles northwestern end of Honshu and at the western end of the Inland Sea.

Each formation planted explosives for an hour, Tokyo radio said in a broadcast heard by the Federal Communications Commission.

HEADQUARTERS FOR  
DEPARTMENT PUBLIC  
WELFARE BE SECUREDREGIONAL OFFICES TO BE  
MOVED TO CORSICANA  
FOR EIGHTEEN COUNTIES

Authorization of County Judge Lonnie L. Powell to secure an office in the courthouse or elsewhere as the regional headquarters of the Texas Department of Public Welfare was made at the meeting of the commissioners court Monday afternoon. Claims were allowed except as noted on the claim docket. Monthly reports of county agents, P. and S. Hospital, and health department were ordered filed. The court agreed to begin its work as a board of equalization Wednesday and passed an order agreeing to pay \$100 per month on the salary of an assistant county agent, effective August 1.

The removal of the regional headquarters office here will require space for two desks. The private offices of the commissioners may be utilized. The regional office is over eighteen East Texas counties. The area office for three counties is located in the city hall while the county offices are located in the eastern section of the courthouse basement.

A motion by Commissioner Jack Megarity, seconded by Commissioner Drew Gillen, was passed agreeing to pay \$100 per month toward the salary of an assistant county agent beginning August 1. All voted for the motion except Commissioner Fred M. Copeland of Precinct 3 who voted "No."

Discussion was held relative to a proposed election in August to determine whether funds will be reallocated in Navarro county in accordance with recent legislation that has become effective, but no motions were passed, or definite decision reached.

Following is the financial statement as presented by E. Y. Cunningham, county auditor:

## Courthouse News

**District Court.**  
A jury commission was empaneled Wednesday morning by A. P. Mays, district judge, to select grand and petit jury lists for service during the July term of court. The commission is composed of L. B. Bonner, Eureka; C. M. Newton, Dawson; Hugh R. Stewart, Corsicana; A. D. Pevhouse, Blooming Grove; and Ben Morgan (col.) Corsicana. Ben Morgan is chairman.

Court attaches stated that this was the first time in the history of the Thirtieth Judicial District that a negro had served on a jury commission, although negroes frequently are summoned for jury service.

**District Clerk's Office.**  
Ex parte, Walter Burns, a minor, application for writ of habeas corpus.  
Ada Dean vs. E. E. Dean, divorce.  
Rudy Faye Howard vs. Elijah Howard, divorce.  
Sammy Powell vs. Katie Merle Powell, divorce.

**County Court.**  
H. E. Stallings entered a plea of guilty to a charge of violating the prohibition laws Thursday morning. The court sentenced him to jail and costs by L. L. Powell, county judge.

**Commissioners' Court.**  
The commissioners court Wednesday began its work as a board of equalization and began the going through the tax rolls relative to changes or raises in valuations assessed.

**Assessor and Collector's Office.**  
This is the final month for the payment of the second half of taxes according to an announcement Wednesday by Halley Blake, assessor and collector of taxes. The divided payments are payable in November and not later than June, according to the tax officer.

**Marriage License.**  
Clyde M. Nicholson and Macel Hiler.

Keith Curtis Scroggins and Earl Dean Smithman.  
Andrew Van Simmons and Mary Ruth Price.  
Randall Steelman and Thelma Summa.

**Oil and Gas Leases.**  
Paul E. Walker et ux to Roy H. Laird. 46.475 acres John Richardson survey, \$10.

**Royalty Contract.**  
Paul E. Walker et ux to N. E. Hampton. 1.32nd interest in 46.475 acres John Richardson survey, \$1.

**Trustee's Deed.**  
R. J. Benner, trustee of the Lucinda Curry estate, to J. E. Keever. 3.33 acres G. H. Usury survey, \$665.83.

**Receiver's Deed.**  
Ruth Logan, receiver in the case of the estate of Robbie Shelton et al vs. scaro Shelton Jr. to Miss Ruth E. D. Nairn. lot 3, block 2, Crawford Addition, Kerens, \$1,250.

**Sheriff's Office.**  
Four were arrested on charges of violating the prohibition laws, one was conveyed to a Gatesville institution, one to a Waco State Home and one to a veterans' hospital at Waco, according to an announcement by Sheriff Cap Curington Thursday morning.

**Justice Court.**  
Three were fined on overloading charges, one for operating a motor vehicle without a driver's license and one for intoxication by Judge A. E. Foster.

Two were fined on overloading charges before Judge A. E. Foster. A violation of the prohibition laws was transferred to the county court by Judge Foster.

One was fined on a charge of operating a truck without a commercial operators license. One was fined for improper registration and one for driving without a license by Judge W. H. Johnson.

Three violations of the prohibition law charges were filed before Judge W. H. Johnson Wednesday.

Four prohibition law complaints were filed before Judge A. E. Foster Wednesday.

**Warranty Deeds.**

Ernest Copley et ux to Mrs. Dolores Chandler, lot 28, block 448, Corsicana, \$4,750.

Mrs. Jennie E. Ambrose et al, to Mrs. J. E. Ambrose, Mother Miller, a lot 50x125 feet, block 386, Corsicana, \$2,000.

Dave Matthews et ux to Jim Brown et ux, a lot 50x125 feet in the Permilla H. Fisher survey, \$2,800.

J. E. Grantham et ux to Mary S. Davidson, interest in 300 acres Robert Cardine and Fredell Redding surveys, \$250. (The instrument was executed Jan. 25, 1895, and was filed for record June 13, 1945.)

A. T. McGilvery et ux to Mary S. Davidson, interest in 300 acres Robert Cardine and Fredell Redding surveys. (The deed was executed Jan. 25, 1895, and was filed for record June 13, 1945.)

Mary S. Davidson et al, 200 acres Robert Cardine survey, \$1 and other considerations. (This deed was executed Jan. 31, 1870, and was filed for record June 13, 1945. The deed was made more than 66 years ago.)

**NATIONAL LABOR RELATIONS BOARD HAS GONE BROKE**

WASHINGTON, June 14.—(AP)—The NLRB disclosed today that it had gone broke with two weeks more to go before a new appropriation becomes available. It blamed its plight on a rising number of strike votes.

The Smith-Connelly war labor disputes act, requiring that a strike vote be taken within 40 days of notice that a dispute exists, has dipped deep into the National Labor Relations Board's treasury.

While it is making an emergency appeal to congress for permission to transfer about \$80,000 from printing and binding account to general expenses, it has called a halt on all investigations and new hearings in the field for ten days—June 12 to 22.

All regional offices have been instructed to desist from making long distance calls, using the telephone or traveling from their home offices during that ten day period, in an effort to save money.

The mails will be depended upon entirely for communication with its regional field, the board said.

During March, April and May the total number of workers eligible to ballot in strike votes was 546,000, which the board estimates at six times the total for the first eight months of the current fiscal year.

**OIL COMPACT STATES MAY FACE WRANGLE IN OKLAHOMA CITY MEET**

OKLAHOMA CITY, June 14.—(AP)—Representatives of the 16 states of the interstate oil compact met today amid indications there might be a wrangle over the question of state versus federal regulation of the gas industry.

The first day was devoted to committee hearings. The first general session will open tomorrow. The compact commission will devote the entire three days of its quarterly session to a discussion of the production and conservation of gas.

The forum comes just in advance of a nationwide investigation of the gas industry by the federal power commission, the agency which is expected to be the chief topic of discussion at the party. Many of the states were reported fearful the FPC is extending its control too far and that the states should struggle to keep their own regulatory powers.

Other states, however, foremost

CORSICANA OFFICER  
AND PRIVATE FREED  
FROM GERMAN CAMP

Army-Navy war casualties as released through the Office of War Information included the following from this area:

**ARMY DEAD.**  
Pacific Regions.

Pvt. Raymond C. Browning, son of Mrs. Lou Browning, Route 1, Moody.

Sgt. James B. Cannon, husband of Mrs. Elizabeth M. Cannon, 103 S. Kaufman St., Mexia.

Pfc. William E. Ceeck, son of Mrs. Joe Ceeck, 508 N. Roberts St., West.

## FUNERAL SERVICES MRS. MATTIE KNOX ARE HELD THURSDAY

Funeral services for Mrs. Mattie J. Knox, 74, who was fatally injured Tuesday afternoon in a fall at her home, were held Thursday afternoon at 3 o'clock from the Sutherland - McCammon Chapel. Burial was in Oakwood cemetery. The rites were conducted by Dr. Matthew Arnold, pastor of the Third Avenue Presbyterian church of which Mrs. Knox had been a member and teacher for many years.

Born at Dresden in 1871, Mrs. Knox came to Corsicana as a small child with her parents, the late E. Wiley and Frances Louisa McMullin. She united with the Presbyterian church at the age of six years and was active in the religious, civic and other circles of Corsicana throughout her life. Mrs. Knox was married to Chris L. Knox, corporation court recorder, in 1890.

Surviving are her husband, son Christopher J. Knox, Corsicana; a daughter, Mrs. Walter H. Fendley, Dallas; a granddaughter, Mrs. Frank Storm, California, who is in Corsicana on a visit; three sisters, Mrs. W. P. McCammon, Corsicana; Miss Minnie Johnson, Dallas; and Mrs. N. Dave McKee, Midland; four brothers, Congressman Luther A. Johnson, Corsicana; Ernest Johnson, Dallas; R. D. Johnson, Houston; and Neal Johnson, Dallas, and a number of other relatives.

Funeral services were held for her four brothers, two brothers-in-law and B. B. Cobb, Fort Worth.

## OKINAWA

CONTINUED FROM FIRST PAGE  
The Japanese, now squeezed into one 13-square mile pocket behind the twice-battered Yaeju escarpment, today clung only by their fingertips to this bit of Okinawa's 450 square miles. But they clung tenaciously and stubbornly,

forcing U. S. Tenth Army troops to hammer at each single, separate finger.  
Major Gen. Archibald V. Arnold's Seventh Division, hammering at one of those fingers on the east flank, gained most of the escarpment rim above Hanagutsu in a 400-yard advance.  
Smashing at the enemy finger on the western flank, Major Gen. Pedro A. Del Valle's First Division Marines strengthened their position on strategic Kunishi Ridge by bringing up reinforcements. Subjected to heavy enemy fire as they crossed 800 yards of open rice paddies, the reinforcements were moved up in Sherman tanks and protected by a smoke screen. The tanks carried out wounded on the return trip.

Because of the difficulty of taking up supplies, airplanes parachuted food, ammunition and water to forward elements.  
In the center of the line, two companies of Major Gen. James F. Bradley's 96th Division were locked for 36 hours in a hand to hand grenade battle. The action, reported, was fought south of Tomul town at the base of the main escarpment, which rises almost 100 feet straight up. The companies killed 50 of the enemy.

**Assaulting Peaks.**  
Other troops of the 96th Division were assaulting two of three prominent peaks on a circular white coral plateau where the Japanese had chosen to die. These were the highest and steepest faces of the escarpment. Bradley's doughboys breached the escarpment three days ago, but still had not reached its highest point.

In the Seventh Division sector, a forward artillery spotter saw 200 Japanese moving toward the point from where the pre-dawn banzai charge was launched. He ordered artillery fire. Japanese not killed scattered for cover. Shepherd's Marines, in breaking

up the Oroku peninsula pocket, overran a hospital where retreating Japanese had killed 150 of their wounded troops to prevent their capture by the Yanks.  
On Tuesday, despite fair weather, the enemy did not send his own air forces over the Okinawa area to attack American shipping. Such days have been rare in this 75-day old campaign.

**Fifteen Japs Stood Off Yanks**  
OKINAWA (Delayed)—(P)—One Japanese officer and 14 men, surprised in a pre-dawn attack, stood off two companies of U. S. 96th division infantrymen for five hours. Then they fell before a vicious assault in which platoon Sgts Stanley Konstanty, Chicago, Gordon M. Chogter, Goldwaite, Tex., and Leonard Meadows, St. Louis, Mo., led charges.

## SEA WAR

CONTINUED FROM FIRST PAGE  
Released figures showing that a total of 4,770 Allied and neutral merchant ships were lost by direct action.

Nearly half of the Army's troop losses, also announced last night, resulted from the sinking of two British-operated ships, said Maj. Gen. C. P. Gross, chief of army transportation.

Estimating that the 4,453,061 troops embarked from this country made an additional trip at sea between theaters, Gross said the loss amounted to only four out of every 10,000 as against 7.2 soldiers of every 10,000 in the first world war. In that conflict, 2,008,931 troops were moved to France.

Losses in this war resulted from the sinking of 36 vessels and the damaging of five others.  
The greatest tragedy was the sinking of the British troopship Rohna Nov. 26, 1943, off Djidjelli, Algeria, with the loss of 1,015 men—more than half the 1,891 American soldiers aboard. The Rohna sank within a half hour after being hit in an enemy air attack.  
The second major disaster was the sinking of the British-controlled Belgian troopship Leopoldville, torpedoed last Christmas Eve off Cherbourg, France, on a trip from Southampton, England. Of 2,237 U. S. soldiers aboard, 784 were lost. The heaviest loss on an American vessel resulted from the sinking of the Liberty ship Paul H. Hanson by an aerial torpedo on April 20, 1944, off Algiers. It took the lives of 504 officers and men.

## BORNEO

CONTINUED FROM FIRST PAGE  
Two miles of the 3,600-foot Timbalai airfield. It is nearly five miles from the original beachhead outside Victoria Town.

After recovering from the apparent early surprise—the enemy obviously expected an invasion at the Jesselton airfield northwest—the Nipponese started using mines and boobytraps extensively on both Labuan and the mainland.

(Melbourne, Australia, reports) stated the Japanese were seeking frantically to get reinforcements down to Brunel Bay from Jesselton over bomb-blasted rail lines. Troops advancing on Timbalai airfield had to wade hip deep in swamps.  
Patrol-torpedo boats patrolling the West Borneo coast saw fires visible for 40 miles and great smoke plumes rising from the Seria, Lutong, and Miri Wells, tanks and refineries.

**May Play With Children.**  
FIELD MARSHAL MONTGOMERY'S HQS., Germany, June 14.—(P)—Field Marshal Montgomery gave troops of his command permission today in an order of the day to "speak to and play with little children," but affirmed the general policy of non-fraternization with the Germans.  
Gen. Eisenhower, supreme commander, issued a similar order last week.

## CONFERENCE

CONTINUED FROM FIRST PAGE  
of the conference. Prolonged discussion of them appears to be one of the chief reasons why the conference leadership has once more delayed the adjournment goal, this time from June 20 to June 23.  
Another piece of the charter moved near completion last night when conference commission No. 3 approved provisions for regional defense systems, like the Pan-American, to allow nations to defend themselves collectively if the proposed world league fails to do so.

Yesterday's 30-to-2 committee approval of the veto voting formula (with 15 nations abstaining and three absent) put the conference a long step ahead. The action assures the big powers of control of the security council of the world organization in trying to settle disputes either by peaceful means or by force. The only restriction is that when one of the powers is party to a dispute it can not participate in a decision on that particular dispute.

## BIG THREE

CONTINUED FROM FIRST PAGE  
representatives was "to see if the Warsaw (Polish) government can be expanded or not." He said he hoped for a solution of the Polish problem this week.

Of relations with the United States, he said:  
"Our accord with the United States continues to be complete and I have been very glad to hear from President Truman and to read his statements in the papers that he is agreeable to a meeting of what are called the three—no longer the Big Three apparently."

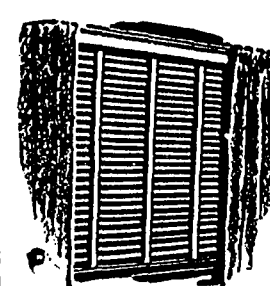

Churchill expressed confidence that the whole issue over Syria could be settled with France and repeated that Britain has "no ambitions or desires for aggrandizement in Syria."  
Churchill cheered when Churchill told the members that, despite

the acrimonious political campaign, there was no substantial difference in foreign policy. Parliament concludes its ten-year term tomorrow.  
Churchill said the conference

with Premier Stalin and President Truman would take place before the results of Britain's July 5 election were known. The results are scheduled to be announced July 26. Churchill said the place of the

meeting must remain secret for the time being.  
There has been speculation in the British press that the three heads of state might confer in Vienna or Berlin.

## FIRST PRESIDENT OF BAYLOR IS HONORED; HAS GRANDSON HERE

A recent issue of the Brenham Banner-Press carried an interesting article in connection with the celebration of the one hundredth anniversary of the founding of Baylor university and told of a group of students and ex-students of the university who held a memorial service and decorated the grave of Dr. Henry L. Graves, first president of Baylor. He is buried in the Prairie Lea cemetery.

Dr. Graves was the father of the late Charles H. Graves of Fairfield and Corsicana and the grandfather of Henry Graves, 144 West Fifth avenue, Corsicana. Dr. Graves, after retiring from Baylor, was president of the Fairfield Female college, in the 60's which was attended by many people from Corsicana and surrounding territory.

Navy, veteran of nine months overseas service, is spending a 26-day furlough with his wife, Mrs. Josephine Griffin King, 923 West First avenue, and parents, Mr. and Mrs. A. A. King, 616 South Fourteenth street, before reporting to New Orleans, La., for re-assignment. He has been stationed on a merchant ship since October 15, 1944, and has returned from his third voyage which carried him to England, Belgium, Holland and France. He wears the European Theatre of Operations ribbon. King entered the Navy, May 29, 1944. Prior to entering the armed forces, he was employed at the American Well and Prospecting Company.

## Texas Today

By JACK RUTLEDGE  
Associated Press Staff

"K-K-Katy, beautiful K-K-Katy" is the theme song in Denison this week.

The Texas city is celebrating the 75th anniversary, or the Diamond Jubilee, of the Missouri, Kansas and Texas Railroad. The Denison Herald in a special Katy anniversary edition brings out some interesting stories about both the railroad and Denison.

The line was nicknamed Katy because railroaders refer to companies by initials, and Katy is an obvious contraction of M-K-T.

Denison itself was named for George Denison, former executive vice-president of the railroad. The Katy built Denison. A Katy engineering crew laid out the town on 392 acres of land bought in 1872.

The North, South, East and West were first joined by the Union of the Katy and the old Houston and Texas Central in Denison in 1873. The Katy built the first bridge across the Red River. When the initial train wheezed over this structure, the nation's corners had been linked by rail for the first time.

## Cyclone Strikes South Of Border; At Least 11 Dead

BROWNSVILLE, Texas, June 14.—(P)—The freak storm which struck 10 miles south of Matamoros, Mexico Tuesday night, claiming at least 11 dead and 13 injured, was identified as a cyclone yesterday.

It was one of the few cyclones ever reported in the lower Rio Grande Valley.

Three more bodies were brought to Matamoros last night, bringing the toll of dead to 11. Matamoros hospitals were treating 33 victims.

A Mexican bus driver said a "weird cone-shaped thing" approached but he escaped.

Ten small ranching communities were wiped out. Cattle, stock and residents on one small ranch were reported to have disappeared completely.

**Seeking Alleviate Sugar Shortage**  
WASHINGTON, June 14.—(P)—If reports of Sen. Tom Connally's aides, the Office of Price Administration, and the War Shipping Administration, are successful, Texans may find some relief for the state sugar shortage.

Connally's aides said they were informed yesterday by the Office of Price Administration that negotiations were under way to charter a ship specifically to import sugar from Cuba direct to Texas. It would be distributed as equitably as possible over the entire state for both household and industrial users.

## Bronze Star Has Been Awarded To Billy G. Campbell

Pvt. Billy G. Campbell, 19, U. S. Army, infantry, now stationed in Germany, has been awarded the Bronze Star Medal "for heroic achievement in action April 7, 1945, in the vicinity of Kressbach, Germany," according to information received by his parents, Mr. and Mrs. J. B. Campbell, 900 South Nineteenth street.

The citation: "Pvt. Campbell crawled along the side of a ridge with several other men, rushed and captured enemy machine gun positions, which had set up cross-fire preventing the company from advancing in the attack. The bravery and outstanding devotion to duty of Private Campbell, under hazardous conditions, reflects the highest credit upon himself and the armed forces of the United States."

Entering the service in February 1944, Campbell went overseas in November 1944. He is a graduate of the Corsicana high school.

## Several Promotions Announced In Texas State Guard Forces

Several promotions of personnel in Headquarters Detachment, Texas State Guard, were announced Thursday morning by Lt. Col. Joe M. Daniel.

M-Sgt. John T. Norwood was promoted to first lieutenant commanding headquarters detachment.

Staff Sergeant O. P. Renfro is now a master sergeant.

Private First Class Lewis O. Taylor was made a corporal and was assigned to the supply department.

Jimmie Ruiz enlisted in the headquarters detachment and has been assigned to the message center.

## Check-Up of War Bonds Purchases

WASHINGTON, June 14.—(P)—Individuals have purchased \$3,397,000,000 in war bonds in the Seventh War Loan drive, the treasury reported today. This represents 77 per cent of the \$7,000,000,000 goal.

In round figures, the treasury said, sales of E bonds total over

\$2,438,000,000 or 62 per cent of the \$4,000,000,000 quota. Other sales to individuals aggregate more than \$2,956,000,000.

## NORMAL OPERATIONS EXPECTED THURSDAY TWO HOUSTON PLANTS

HOUSTON, June 14.—(P)—Normal operations were expected to be resumed today at the Brown Shipbuilding Corporation and Magnolia Alroco Gas Products Company after union officials ordered pickets removed and a strike at the Magnolia company to cease.

Leo Carter of New Orleans, international representatives of the General Drivers, Teamsters, Helpers and Warehousemen Union (AFL), said withdrawal of pickets at Brown shipyards by the Houston Metal Trades Council (AFL) yesterday removed any grounds for further picketing of Magnolia Alroco.

He said the teamsters union last night ordered picketing of the Magnolia plant discontinued and notified men to return to work there immediately. He said the orders were issued under instructions contained in a directive from regional war labor board at Dallas Tuesday.

A proposed meeting yesterday of the steamers council com, posed of representatives of locals in Houston, Galveston, Beaumont, Port Arthur and Orange, was cancelled, Carter said.

AFL union drivers for the Magnolia Alroco company had refused to cross a Houston metal trades picket line to deliver welding and burning gas to Brown shipbuilding last week. They stopped work Saturday when Brown trucks appeared at the Magnolia docks to pick up the gas.

The dispute between Brown and the trades council is a corect negotiation between the company and a group of craft unions.

## Another Member Of Family Is Killed

VICTORIA, Texas, June 14.—(P)—The body of Earl Walker, 49, whose father and two uncles died in a triple slaying here in 1943, was found in a pool of dried blood at his farm home near Victoria yesterday, sheriff R. A. Rogan said.

Rogan and a deputy broke into the locked house after a tenant farmer told them he had not seen Walker since Saturday.

Killed in the triple slaying Dec. 14, 1943, were Walker's father, J. H. Walker, and Oliver and Alonzo Walker, the uncles.

# Launch Clean-Up Campaign To Rid City and County Of All Insanitary Conditions

By KATHERYN PATE  
Daily Sun Staff

Navarro County's cleanup campaign is on today. The home-front war on health hazards was officially declared underway after a meeting last night in the county court room of all committee heads, both city and county.

The drive to rid the county of insanitary conditions will extend from Corsicana to each town and village within the county confines. It begins today and extends through Saturday, June 23.

## Health Is Important

Martin C. Wukach, state engineer, is back in Corsicana to assist with preliminary details and see that the campaign is off to a good start. "A public health drive is equally as important as your Red Cross, War Bond and other drives," he told last night's gathering. "Our casualties here on the home front from communicable diseases equal those on the war fronts every year," he declared.

Wukach pointed out that the health department would evaluate results from the first survey and, if necessary, a second survey might be conducted.

"I believe we have everything laid out for a successful campaign," said Fred H. Harvey, Jr., general chairman. "Most of the chairmen and co-chairmen in the city and county have accepted this responsibility."

## COUNTY DIVIDED INTO DISTRICTS FOR CLEAN-UP

It is hoped that every home in Navarro County will be contacted for survey by the volunteer workers. Corsicana has been divided into 33 districts, 10 East of Beaton and 23 West of Beaton, with a chairman and co-chairman heading each district. These leaders, in turn, will solicit workers to check sanitary conditions in their respective blocks.

The county set-up is much the same. Chairmen and co-chairmen have been named for each town and community, and they will be assisted by volunteers in the surrounding territory.

The emergency pick-up of garbage and trash will be made in both city and county Monday, June 18. The city has agreed to double its shifts and the Eighth Service Command of Dallas will provide five trucks to go out into the county and make collections. A total of 22 trucks have been secured for that day.

It will be necessary, of course, for trash and garbage to be placed in containers that can be easily handled.

**Co-Operation Urged**  
"We must urge the cooperation of every household in the county if this community health program is to succeed," said Harvey. "Homes and communities can be made safe if the instruction and advice offered by the health department are closely followed."

M. E. Scott of Dallas, regional engineer, will be in Corsicana throughout the campaign, offering his leadership and advice. He, and other health officials will be available to visit all sections of the county for special meetings planned in conjunction with the campaign. Harvey last night announced several executive committees which will work closely with him and health officials during the campaign. Vice-chairmen are Judge L. L. Powell and Mayor John C. Calhoun.

**Committees Named**  
Executive committee members are Paul Hudgins, P. T. Fullwood, Loreta Gallard, C. A. Weldman, Dr. Will Miller, Mrs. Kathleen Steele, Mrs. Jane Strengh, Dr. S. H. Burnett, Dr. William T. Wortham and Aubrey Escoe.

## Forty-Two New Cases Infantile Paralysis

AUSTIN, June 13.—(AP)—The state department of health reports a total of 42 new cases of infantile paralysis for the week of June 2-8, which brings the total for this year so far to 161 cases.

This, said the department, is approximately four times greater

than two years ago when the disease officially attained epidemic proportions in some sections of the state. Reports from local health officials to show from which counties the new cases came have not yet been broken down by the health department.

**Two Texans For Bill**  
WASHINGTON, June 13.—(AP)—Representatives Thomas and Thomason were the two Texas members of the House who voted yesterday for outlawing the poll tax payment as a prerequisite to voting in any election for federal office. The measure was passed by the House 118-86 and sent to the Senate.

Eighteen Texas representatives voted against the measure. They were: Beckworth, Combs, Fisher, Gossett, Luther A. Johnson, Lyndon B. Johnson, Kilday, Lanham, Lyle, Mahon, Mansfield, Patman, Pickett, Poage, Russell, Summers and Worley.

## TEXAS MAINTAINING ABOVE AN AVERAGE CARE FOR VETERANS

AUSTIN, June 14.—(AP)—Despite inadequate facilities Texas has maintained above-average standard care for veterans, asserts A. O. Willman, state veterans service officer.

Willman said long waiting lists of veterans are on hand for institutions at Legion, Waco, Dallas and Amarillo, and it usually takes from 60 to 90 days to gain admission except in emergency cases.

"As more servicemen are released the load will grow to immense proportions," said Willman, in stressing the need for increased hospital facilities for Texas veterans.

Regarding the current charges made in Washington by the veterans of Foreign Wars and the American Legion that inadequate medical care is being given veterans, Willman said Texas hospitals do not come in for the severe criticism made against other states.

**SERIOUSLY WOUNDED**—Pvt. N. M. Hagie, whose wife, Mrs. Bonnie Sue Hagie, lives near Dawson, was seriously wounded in action May 9 on Okinawa, according to a message received by his wife from the war department. He was serving with the Seventh Infantry division. Entering the service Sept. 11, 1944, he received his training at Camp Hood and went overseas Feb. 5, 1945. He is the only son of Mr. and Mrs. Johnnie Hagie, Dawson, route 2.

## NO IMPOSITION OF NON-COTTON ZONE IN PINK BOLLWORM AREA

AUSTIN, June 14.—(AP)—Commissioner of Agriculture J. E. McDonald today informed the Texas pink bollworm control committee that there would be no imposition of a non-cotton zone "until results of the 1945 control program are known and not then if some alternate plan offers reasonable chance of success."

He was replying to a protest from the committee voiced recently at a meeting in Waco, asking McDonald to assure cotton farmers "that they will not be taken out of cotton production in 1946 by imposition of a non-cotton zone."

Imposition of such ruling, the committee said, would cause "undue and uncalled for hardships upon a large segment of our population," and would be worthless if a similar zone were not set up in Mexico.

McDonald replied in a letter to the committee through J. Walter Hammond of the Texas Farm Bureau Federation, Waco. He said in part:

"Advocacy of a non-cotton zone, in case the 1945 control program fails, has been constructive and timely and has caused cotton farmers and related industries to give support and cooperation to this year's control program with the determination that it should succeed if at all possible."

"In the past, unusual climatic conditions have caused cotton growers to appeal for extension dates in cotton state cleanup and such requests have been granted, but as early as November, 1944, I made the positive statement that there would be no field cleanup extensions granted in 1945 regardless of unfavorable climatic conditions."

## PROMOTION FOR JOHN T. NORWOOD IS ANNOUNCED

AUSTIN, June 13.—(AP)—Appointment of Master Sergeant John Theodore Norwood to the grade of First Lieutenant in the Texas State Guard, 37th Battalion at Corsicana, has been approved by Brigadier General Arthur B. Knickerbocker, the Adjutant General of Texas.

Lieutenant Norwood is assigned to duty as Adjutant, Commanding Officer, Headquarters Detachment, 37th Battalion, TSG.

An official commission, signed by Gov. Coke R. Stevenson as Commander-in-Chief of the Texas State Guard, will be sent to Lieutenant Norwood.

## Spring Onion Crop In Texas Is Short

AUSTIN, June 14.—(AP)—The United States Department of Agriculture today estimated the late spring onion crop in Texas at 462,000 fifty-pound sacks, a sharp drop from 1944's production of 1,150,000. Conditions for late spring tomatoes in Texas were favorable during May, with production estimated at 2,574,000 bushels compared with 1,884,000 bushels last year.

A sharp increase in watermelons production was indicated. The outlook now is for 12,750,000 melons compared with 7,296,000 last year.

## Knife Purchased 65 Years Ago Is Still Giving Service

John A. Clark Rice, was exhibiting a knife here Thursday morning that he purchased 65 years ago at Old Goshen, then a thriving town on the Henderson-Van Zandt county line. The knife was an extra large one and contains two blades, one a butcher's blade, which Clark said he had used in butchering many hogs, deer and beef. He said the knife cost \$2.50.

**Corporation Court.**  
Two negro women were arrested for fighting near the Corsicana laundry. One paid a fine of \$10, the other a fine of \$5. Five cars were tagged for overtime parking at meters and two were tagged for overtime parking in the fire lane in the 200 block of West Fifth avenue.

Two men were arrested for gaming with dice in the 200 block of West Fifth avenue. The Navarro laundry was found unlocked and an employee was notified.
